Cipd Advanced Human Resources Management:

Advanced Human Resource Management Sajia Ferdous, 2025-03-03 Advanced Human Resource Management provides comprehensive practical guidance on understanding and implementing key strategies across various HR functions. This essential textbook for postgraduate and final year undergraduate students of HRM covers an expansive discussion on contemporary contexts, theories, and strategies for the various HR functions. From topics such as talent and performance management to managing diversity and maintaining sustainability, the book engages with how to apply different HR management approaches within organizations to achieve sustained competitive advantage. Features include: Analysis of the impact of HR strategies at the micro, meso, and macro levels of the organization; Considerations of legal and policy implications of HR practices for ensuring compliance; Evaluation of the effectiveness of HRM strategies across different organizational settings, including large and small organizations as well as public and private sectors; Self-assessment quiz questions relevant to case law and real-world examples.

Advanced Methods for Human Resource Management Research Paul Joseph-Richard, 2025-01-03 Understanding and applying research methods is a key skill in human resource management. This new textbook shows how to successfully complete a research project across the HR function. Advanced Methods for Human Resource Management Research provides a practice-based approach to planning and implementing research projects. Each chapter focuses on one HRM practice and a Method in Focus feature that shows how a particular method could be used for researching that practice. This enables postgraduate Research Methods students to gain an understanding of how research may be most effectively conducted for different aspects of HR, from recruitment, selection, and people analytics to learning and development, sustainable HRM, and employee wellbeing. This book offers comprehensive guidance on what kinds of questions can be asked and the application of current designs and methods. Readers will learn how to conduct both qualitative and quantitative research, such as interviews and literature reviews, using Big Data, social media, and visuals, as well as creating cross-country designs to engage international participants. It is supported by learning outcomes, real-world examples, discussion questions, and ethical dilemma exercises to develop critical understanding of the material. Online resources include lecturer slides, annotated web links, further reading, and new reflective questions for students. This textbook is written for postgraduate HR students taking Research Methods modules as part of their degree.
