Easin' On LoneWolf,2023-01-06 This is an unvarnished look at the trucking world as seen through the eyes of one who experienced it It especially applies to the area of trucking known as Long Haul for that is what the author was for a long time This is not a pretty book nor is it politically correct as it speaks of the raw realities that are and not those things we wish them to be The drivers face these head on alone and if they didn t you would have to Upon reading this you should have a much better understanding of why there are trucker s resistance movements in both Canada and the United States As one driver phrased it when hearing that this was in the works Please hurry We are dying out here However it does have large doses of the humor that he needs to survive in this strange world where few others can **SUCCESSFUL FARMING DES**
