Rice,2012-06-01 Considers the contributions and contemporary significance of Alan Watts **When Blood and Bones Cry Out** John Paul Lederach,Angela Jill Lederach,2011-10-28 John Paul Lederach a pioneer of peace building and his daughter Angela Jill Lederach show how traumatized communities can recover and reconcile even after unspeakable violence through music metaphors and remarkable stories of suffering and hope **That Which Roots Us** Marion Dresner,2023-12-05 A work of natural and environmental history That Which Roots Us is a work of natural and environmental history that explores the origins of and resolutions to some of the United States environmental problems Marion Dresner discusses the roots of Euro American environmental exploitative action starting with the environmental consequences of having treated Pacific Northwest forests as commodities She shares her experiences visiting sites where animal centered ice age culture changed to human centered culture thousands of years ago with the advent of farming The book explores the origins of the romantic philosophical movement which arose out of the debilitating conditions of the industrial era Those romantic attitudes toward nature inspired the twentieth century preservation movement and America s progressively modern conservation attitudes The book is centered around environmental issues in the Pacific Northwest contrasting utilitarian views of nature with Native American practices of respect and reciprocity The elements that make That Which Roots Us a truly unique and important contribution to environmental literature are the author s personal recollections and interactions with the landscape Ultimately Dresner offers hope for a new stewardship of the land and a focus on science literacy and direct experience in the natural world as the most grounded way of knowing the planet **Nurturing a Daoist-Inspired Classroom Pedagogy Through the Contemplative Lenses of Teacher Diaries** David McLachlan Jeffrey,2024-08-01 The harmonizing influence of ancient Daoist philosophy is of much relevance to the world in which we live today and this is especially so in the field of global education Among the growing numbers of contemporary teachers and scholars who nurture Daoist wisdom in their classrooms this book takes the unique pathway of considering its applications through the contemplative lenses of teacher diaries Its South African born author has taught academic English for over three decades in Japan the Middle East and the People s Republic of China Since early childhood he has infused his fascination for Daoist wisdom with his enjoyment of writing diaries and in ways that derive insights into the compassionate frugal and humble foundations of Daoist inspired pedagogies within contemporary classroom environments This book presents Daoist wisdom in terms of it being the Supreme Ultimate of all ways It introduces the classical Daoist texts of the Laozi the Zhuangzi and the Liezi and shares a short historical overview of Daoism with its growing global influence As such it emphasizes that Daoist inspired pedagogies encourage a delicate balance between intuitive insights and intellectual analysis and in ways that are not antagonistic toward each other but which dance together as one In this regard the role of meditation during the undertaking

of diaries is specifically highlighted concerning its propensity to bring one into the present moment pacify racing thoughts and transcend the ego It also shows how a meditative state of mind that accompanies the reading writing and analysis of the diary entries contributes to deeper self discernment along with unique intuitive insights related to oneself as a teacher and the classroom environment In addition this book describes how the Wordsmith Tools Program and the Book of Changes can be used as additional approaches to analyzing thought patterns within the diary entries and how these also nurture inward contemplations and the intuitive insights that accompany them Thereafter considerations based on the applications of core Daoist principles for classroom pedagogies are filtered through the contemplative lenses of teacher diaries These principles are the unintentional integrity of de the complementary duality of yin yang the cosmic vitality of qi the self so ness of ziran the unforceful spontaneity of wuwei and the unblemished purity of pu This book illustrates through its diary lenses how these six Daoist principles can be nurtured in ways that contribute to a scholarliness that is grounded in an equal appreciation for the logical applications of intelligence along with the uniqueness of intuitive creativity which cannot be explicitly taught but which spontaneously arises from within the deep reservoirs of intuitive wisdom which exist within the true selves of everyone In addition this book shares pearls of Daoist wisdom for teachers from within the poetic chapters of the Laozi as well as within the amusingly enlightening stories in the Zhuangzi and the Liezi such that their ancient teachings can be applied to Daoist inspired pedagogies and nurtured in ways that unite the joyfulness and scholarly efficacy of both teaching and learning It is shown how doing so enhances a sense of awe wonder openness and contemplative oneness within the classroom environment making it a happier more contented and more meaningful place for both teachers and students
