The antisocial conspiracy abbé Barruel,1798 The antisocial conspiracy abbé Barruel (Augustin),1798 *Code of the Illuminati* Abbe Barreul,2019-01-09 There sometimes appear men formed with such unhappy dispositions that we are led to consider them in no other view than as emanations from the evil genius bereft by the avenging God of the power of doing good Imbecil in the sphere of wisdom such men are only efficient in the arts of vice and destruction they are ingenious in those conceptions skilful in that cunning and fruitful in those resources which enable them despotically to reign in the schools of falsehood depravity and wickedness In competition with the Sophisters these men will surpass them in the arts of exhibiting error in false and delusive colours of disguising the vicious passions under the mask of virtue and of clothing impiety in the garb of Philosophy In the den of conspirators they are pre eminent by the atrocity of their deeds they excel in the arts of preparing revolutions and of combining the downfall of the Altar with that of Empires If their career be ever impeded it is only when they approach the paths of virtue and of real science When Heaven in its wrath permits a being of this species to appear on the earth it has only to put nations within the sphere of his activity and it will be awfully avenged With such qualities and under such auspices was born in Bavaria about the year 1748 Adam Weishaupt better known in the annals of the sect by the name of Spartacus To the eternal shame of his Serene protector this impious man heretofore Professor of Law at the University of Ingolstadt but now banished from his country as a traitor to his Prince and to the whole universe peacefully at the court of Ernest Lewis Duke of Saxe Gotha enjoys an asylum receives a pension from the public treasury and is dignified with the title of Honorary Counsellor to that Prince An odious phenomenon in nature an Atheist void of remorse a profound hypocrite destitute of those superior talents which lead to the vindication of truth he is possessed of all that energy and ardour in vice which generates conspirators for impiety and anarchy Shunning like the ill boding owl the genial rays of the sun he wraps around him the mantle of darkness and history shall record of him as of the evil spirit only the black deeds which he planned or executed Of mean birth his youth was passed in obscurity and but a single trait of his private life has pierced the cloud in which he had enveloped himself but it is one of hateful depravity and of the most consummate villany *Code of the Illuminati* abbé Barruel,Robert Edward Clifford,2011-05-25 This is the third part of four of Abb Barreul s massive polemic history of the French Revolution This portion of this book is of interest because it contains extensive quotes from the actual literature of the Bavarian Illuminati This is the most comprehensive work in English on the historical theory structure and practice of the Bavarian Illuminati It complements Robison s Proofs of a Conspiracy the other major contemporary account Founded in 1776 shortly before the American Revolution the Bavarian Illuminati were a secret society with a revolutionary ideology and a centralized structure According to Abb Barreul they subverted the Masonic lodges of Europe and were one of the key driving forces behind the French Revolution New members were gradually initiated into the group s radical ideas which according to Barreul were atheist and anarchist in essence Barreul was very

conservative and his translator Robert Edward Clifford likewise However Barreul was a serious historian even though he wrote from a decidedly non neutral point of view As a contemporary he was able to view the primary source documents and interview participants As such this book is today in and of itself a primary source Today civil society in Europe and America has enshrined the ideas of Liberty and Equality that Barreul thought would lead to the complete breakdown of civilization The Bavarian Illuminati are considered by some to be the forerunners of the Communist and Fascist movements However as I have stated before this is probably parallel evolution The more paranoid believe that the Illuminati or some equivalent such as a cabal of reptilian shape shifters are still in business and manipulating e g world leaders the education system and mass movements But this is for the individual reader to decide *Memoirs: The antisocial conspiracy* abbé Barruel,1798

Who Are the Illuminati? Lindsay Porter, 2005-10-10 How are the origins of the French Revolution the murder of the Romanovs the design of the dollar bill and the Roswell UFO incident connected The answer is one of the world's most mysterious and feared secret societies the Illuminati References to the Illuminati span centuries yet reliable historical evidence is scant What is known is that on 1 May 1776 at the height of the European Enlightenment Adam Weishaupt a professor of canon law at the University of Ingolstadt in Bavaria founded a secret society of freethinkers or enlightened ones the Illuminati The group was formed to discuss and disseminate the radical philosophies of the day and secrecy was crucial to its survival neither church nor crown would have countenanced the group's anticlerical and antimonarchist ideas At its height the Illuminati numbered 2 500 with members across Europe including some of the period's leading thinkers Yet just 12 years after the group's founding it was disbanded by a governmental edict and the Illuminati ceased to exist Or did it For nearly 250 years references to the Illuminati and its alleged influence on major world events have continued to resurface There are those who claim the Illuminati is much older than its first recorded incarnation suggests dating its origins to the time of the Pyramids and others who believe the group is literally not of this planet but part of an alien culture bent on taking over the earth This book looks at the reality and the myths questions the allegations and explores how fears about the group have taken many different forms whether fear of intellectuals during the Enlightenment or fear of communists during the McCarthy era An internet search reveals that belief in the group's shadowy influence is positively thriving what does that say about us today And are we right to be afraid

The Illuminati Robert Howells,2016-10-18 WikiLeaks and Anonymous are driven by the same ideals and aims as the Illuminati were 250 years ago and the next counter culture revolution has already begun online Throughout history governments dictators and religious leaders have fought to cling to power by either force or manipulation To counter these there have always been secret societies and groups working in the shadows for the emancipation of humanity The Illuminati formed in 1776 among European Freemasons and academics with the intention of liberating humanity from physical mental and spiritual bondage This brought them into conflict with the ruling elite and religion but during their brief incarnation they encapsulated the entire ethos of counter culture into a single system of organized dissent that is still relevant today The term Illuminati has since become usurped by the idea of a New World Order but their principles live on through counter culture and the connected communities of the internet age Hacktivits and cultural movements like Anonymous and WikiLeaks currently wage war against corrupt corporations and government agencies that try to oppress and exploit society This book is a wake up call for all who value their liberty and privacy to join the battle to protect counter culture before it is too late
