foundation of knowledge you need to navigate often fraught situations with sensitivity and confidence Sacred Selfishness
Bud Harris, PhD, 2011-02-11 While growing up selfishness is defined for most people as a destructive force power driven self
obsessed a tyranny against others and a drain on energy Early lessons teach that the needs of others must be put above one's
own This has created a culture of outward directed people cut off from the inner sources of energy and vitality Failing to
develop one's individuality can eventually lead to depression and ill health Only after becoming whole can one help others as
well as society This is the lesson of Sacred Selfishness in which Jungian analyst Bud Harris argues persuasively that one must
live authentically in order to be whole happy healthy and a truly contributing member of society This essential guide offers
many strategies readers can use in order to live a sacredly selfish life from analyzing dreams to keeping a detailed journal
that teaches seekers to understand themselves their worth and their needs
