Agricultural Management Strategies in a Changing Economy Popescu, Gabriel, Jean-Vasile, Andrei, 2015-01-31 Research and development in agriculture is a very relevant topic in today's society especially given the evolution of land ownership structures and resources exploitation. These transformations have paved the way for new approaches in the allocation and management of agricultural systems. Agricultural Management Strategies in a Changing Economy brings together emergent research and best practices in the area of agricultural management policy and structures. Highlighting theoretical concepts and empirical research, this book will be an all-encompassing reference source for professionals, researchers, academicians, practitioners and students in the field of agricultural economics and sustainable development as well as in related disciplines.

Introductory Microeconomics and Macroeconomics T. R. Jain, 2013 **Megacities and Rapid Urbanization: Breakthroughs in Research and Practice** Management Association, Information Resources, 2019-07-05 As the global population continues to increase, it has become necessary to find ways to handle this increase through various policy tools that address population growth and urbanization problems. The urbanization process has both potential issues and opportunities that need to be exploited to move societies forward. **Megacities and Rapid Urbanization Breakthroughs in Research and Practice** examines trends, challenges, issues and strategies related to population growth and rapid urbanization and its impact on urban environments. The book also explores the use of different governance approaches in addressing challenges and different tools and systems of appropriate allocation to address issues. This publication is an ideal reference source for academicians, students, practitioners, professionals, managers, urban planners and government officials.

Macroeconomics and Elementary Statistics T. R. JAIN, 2008 Islamic Capital Markets Nafis Alam, Syed Aun R. Rizvi, 2016-07-26 This book addresses contemporary empirical issues in Islamic stock markets including volatility, efficiency and Sukuk defaults. The studies contained within this book consider a combination of pure Islamic stock markets and comparative studies with reference to their conventional counterparts. The authors provide up-to-date, robust, accurate, reliable empirical enquiries addressing current issues of stock markets as well as providing up-to-date information and statistics to support future development and research. The book also covers a chapter on the current trends in research in Islamic capital markets which analyses some recent and leading works to highlight and indicate the gaps in research that require further exploration. This book will be of value to all those who wish to gain a more thorough understanding of research in Islamic capital markets and the major topics in the field. **MICRO ECONOMICS** Dr Rajendra Madhukar Sarode, 2019-08-19 Economics Definition Financial aspects is basically an investigation of the use of assets under explicit requirements, all bound with a venturesome expectation that the subject under investigation is a normal element which looks to improve its general prosperity.
