Graham Hancock,2015-09-10 Powerful new evidence has emerged that supports Hancock s disturbing thesis of a massive global cataclysm in the window between 13 000 and 12 000 years ago around the last Ice Age that wiped out and destroyed almost all traces except the fingerprints of a great global civilisation of prehistoric antiquity Hancock analyses the evidence emerging from popular science for events such as north America being struck by several pieces of a giant fragmenting comet and the discovery in Turkey of an extraordinary 12 000 year old megalithic site called Gobekli Tepe on the scale of Stonehenge but 7 000 years older than any of the great stone circles Mysteries of this calibre drive the quest of Magicians of the Gods each leading us to a labyrinth of further possibilities Graham Hancock takes his original intuition of two phases of construction much further exploring and investigating many mysterious ancient sites high in the Andes His research also takes him to the Amazon a rain forest that has been managed and cultured by human beings for millenia From the Amazon Graham follows the trail east along the Atlantic ocean to the west coast of Africa through the Sahara and on to Egypt Magicians of the Gods satisfies the intellect and inspires the imagination It transports readers for years to come with realms of mystery enchantment and extraordinary possibilities **Magicians of the Gods** Graham Hancock,2015-11-10 Graham Hancock s multi million bestseller Fingerprints of the Gods remains an astonishing deeply controversial wide ranging investigation of the mysteries of our past and the evidence for Earth s lost civilization Twenty years on Hancock returns with the sequel to his seminal work filled with completely new scientific and archaeological evidence which has only recently come to light Near the end of the last Ice Age 12 800 years ago a giant comet that had entered the solar system from deep space thousands of years earlier broke into multiple fragments Some of these struck the Earth causing a global cataclysm on a scale unseen since the extinction of the dinosaurs At least eight of the fragments hit the North American ice cap while further fragments hit the northern European ice cap The impacts from comet fragments a mile wide approaching at more than 60 000 miles an hour generated huge amounts of heat which instantly liquidized millions of square kilometers of ice destabilizing the Earth s crust and causing the global Deluge that is remembered in myths all around the world A second series of impacts equally devastating causing further cataclysmic flooding occurred 11 600 years ago the exact date that Plato gives for the destruction and submergence of Atlantis The evidence revealed in this book shows beyond reasonable doubt that an advanced civilization that flourished during the Ice Age was destroyed in the global cataclysms between 12 800 and 11 600 years ago But there were survivors known to later cultures by names such as the Sages the Magicians the Shining Ones and the Mystery Teachers of Heaven They travelled the world in their great ships doing all in their power to keep the spark of civilization burning They settled at key locations Gobekli Tepe in Turkey Baalbek in the Lebanon Giza in Egypt ancient Sumer Mexico Peru and across the Pacific where a huge pyramid has recently been discovered in Indonesia Everywhere they went these Magicians of the Gods brought with them the memory of a time when mankind had fallen out of

harmony with the universe and paid a heavy price A memory and a warning to the future For the comet that wrought such destruction between 12 800 and 11 600 years may not be done with us yet Astronomers believe that a 20 mile wide dark fragment of the original giant comet remains hidden within its debris stream and threatens the Earth An astronomical message encoded at Gobekli Tepe and in the Sphinx and the pyramids of Egypt warns that the Great Return will occur in our time
