Event Management, 2008 *The Mindful Tourist* Uglješa Stankov, Ulrike Gretzel, Viachaslau Filimonau, 2022-10-11 The Mindful Tourist The Power of Presence in Tourism is an innovative new study based on the detailed exploration of mindful consumer behaviour drawing on insights from new cases of mindful tourism experiences and examining the potential for broader uptake across the industry

Information and Communication Technologies for Sustainable Tourism Alisha Ali, Andrew J. Frew, 2013-05-07 Sustainable development is a highly topical issue and is of critical importance to tourism as the environment is of utmost importance for the continued development and prosperity of the industry There have been numerous texts written on sustainable tourism and the measures to mitigate and manage this but none which acknowledges Information and Communication Technologies ICT as a mechanism of doing so despite being an emerging area of research ICT in this context refers to innovative tools which form an integrated system of software and networked equipment that facilitates data processing information sharing communication and the ability to search and select from an existing range of products and services for an organisation's benefits Despite the symbiotic relationship which exists between ICT and sustainable tourism there has been little research which has considered how the use of such technology can be used to make sustainable tourism development a more workable reality This opportune book is the first to provide a focus on the interrelationship of these two important topics demonstrating their synergies and providing insight into a new and innovative approach to managing sustainable tourism development It considers the use of technology to reduce the negative impacts of tourism from both the demand and supply side perspectives A critical review of a range of cutting edge technologies used by tourists and businesses to assess their usefulness in managing sustainable tourism development from the macro to the micro level is also discussed It further integrates examples and practical applications to show how ICT can be an invaluable mechanism in the management of sustainable tourism development This cutting edge volume provides a wealth of information on an important yet neglected

subject This book will be invaluable reading for students researchers academics and members of the tourism industry looking for new and innovate ways of fostering a more sustainable tourism industry Enhancing Visitor Experience Through Interpretation ,2009 Sustainable and Collaborative Tourism in a Digital World Alain Decrop, Antonia Correia, Alan Fyall, Metin Kozak, 2021-04-01 Presents theories methods and results for enhancing techniques for more sustainable marketing and explores how sharing practices in business raises new social challenges and the ethical questions that arise as a consequence It offers insights from some of the world experts in the area as to how tourism marketing can evolve and advance **Visitor Experience Design** Noel Scott, 2017 The aim of this book is to examine the best practice in creating and delivering exciting and memorable visitor experiences from a cognitive psychological perspective It consists of 17 chapters organized into six parts Part I provides the theories and frameworks of the tourist experience The next three parts examine the pre experience stage Part II on site experiences Part III and post experience outcomes Part IV Part V provides cases of specific tourism experiences while the lone chapter in Part VI provides a conclusion and thoughts on future research

Marketing for Sustainable Tourism Xavier Font, Scott McCabe, 2019-12-13 Tourism marketing has typically been seen as exploitative and fuelling hedonistic consumerism Sustainability marketing can however use marketing skills and techniques to good purpose by understanding market needs designing more sustainable products and identifying more persuasive methods of communication to bring behavioural change This book summarises the latest research on the theories methods and results of marketing that seeks to make tourist destinations better places to live in and better places to visit It shares evidence on the motivations mechanisms and barriers that businesses encounter and on successes in changing consumer behaviour and pursuing sustainability goals Particular attention is given to the methodologies of sustainable tourism marketing to the subject s breadth and complexity and to its many innovations Further research is called for to fully understand what contextual aspects influence these pro sustainability interventions to achieve which outcomes in other settings in order to validate some of the exploratory studies discussed and establish the feasibility of scaling up pilot studies for more general use This book was originally published as a special issue of the Journal of Sustainable Tourism

Managing Visitor Experiences in Nature-based Tourism Julia N. Albrecht, 2021-03-19 This book focuses on the experiences of tourists visiting nature based destinations exploring current knowledge and providing insights into conceptual issues through the use of empirical evidence from five continents Presented as three topics the contents discuss tourism and naturebased experiences by looking at the role and relevance of nature and the uniqueness of such experiences The book identifies visitor management challenges and provides explanations for the solutions reached The final section takes a more overarching destination management perspective that transcends the tourism product or business level and focuses on destination and generic issues like indicators or marketing implications The book also includes research based case studies which contribute to an overall understanding of the core issues involved in managing visitor experiences in nature based

tourism **Marketing and Designing the Tourist Experience** Isabelle Frochot, Wided Batat, 2013-03-31 The topic of experience is becoming central to full understanding of consumer behaviour The book covers the key sectors where it is critical from resort management and tourist information to destination marketing International in scope it backs up the theory throughout with relevant case materials questions and exercises **Experiential Consumption and Marketing in Tourism within a Cross-Cultural Context** Antónia Correia, Alan Fyall, Metin Kozak, 2019-07-31 This edited volume examines the role and place of culture in tourism and how it is manifested in marketing theory policy and practice It includes case examples and looks at the roles of tourists locals and communities and business practices in facilitating and sharing culture *Understanding and Governing Sustainable Tourism Mobility* Scott A. Cohen, James E.S. Higham, Gossling Stefan, Paul Peeters, 2014-03-26 Despite a growing contribution to climate change tourist and traveller behaviour is currently not acknowledged as an important sector within the development of climate policy Whilst tourists may be increasingly aware of potential impacts on climate change there is evidence that most are unwilling to modify their actual behaviours Influencing individual behaviour in tourism and informing effective governance is therefore an essential part of climate change mitigation This significant volume is the first to explore the psychological and social factors that may contribute to and inhibit sustainable change in the context of tourist and traveller behaviour It draws on a range of disciplines to offer a critical review of the psychological understandings and behavioural aspects of climate change and tourism mobilities in addition to governance and policies based upon psychological behavioural and social mechanisms It therefore provides a more informed understanding of how technology infrastructure and cost distribution can be developed in order to reach stronger mitigation goals whilst ensuring that resistance from consumers for socio psychological reasons are minimized Written by leading academics from a range of disciplinary backgrounds and regions this ground breaking volume is essential reading for all those interested in the effective governance of tourism s contribution to climate change now and in the future

Sustainable Customer Experience Design Bert Smit, Frans Melissen, 2018-05-30 Experiences are an important part of our lives and increasingly represent a crucial topic to address for businesses and professionals This book focuses on designing staging and managing experiences within the context of the events tourism and hospitality industries It also illustrates current and future developments in these industries and wider society with an emphasis on sustainable development The book offers an innovative approach for successfully creating experiences for potential customers that is based on combining insights and methods from the world of design and the social sciences Moreover it shows how the experience economy and sustainable development both reinforce one another and create challenges that businesses and professionals can address through this approach Critical thinking questions practical examples and international case studies are integrated throughout the text Combining a design science and a social sciences perspective in one inclusive hands on approach to designing staging and managing experiences this is essential reading for all students of Events Tourism and
