Management Consulting Delivering An Effective Project 4th Edition:

Management Consulting Philip A. Wickham, Louise Wickham, 2008 The book is aimed at students taking dedicated management consulting modules and work placement programmes at undergraduate and postgraduate level It is well suited to students of business as well as scientific and creative disciplines who undertake a work based project during the course of their academic study

Managing Sustainable Stakeholder Relationships Linda O'Riordan, 2017-09-01 This book examines corporate approaches to responsible management by investigating the stakeholder relationships between business and society Though concepts of responsible management continue to evolve its key objective is to explore the opportunities and dilemmas which business decision makers face when attempting to reconcile their organisation's interests with those of other stakeholder groups In this intensely debated field it focuses on the power of entrepreneurial purpose and the opportunities which emerge when corporate choices and actions are driven by connected stakeholder interests A case study of the pharmaceutical industry in the UK and Germany is presented to reveal how decision makers in this particular sector are responding to their context specific management challenges The research findings are subsequently employed to examine and revise a pre specified stakeholder management framework which was previously developed by the author The proposed updated framework is the book's main conceptual contribution By depicting a set of inclusive integrated and inter related steps it is intended to provide an innovative comprehensive practical toolkit for stakeholder management As such it is designed to help decision makers to attain the greatest possible outcome from the resources they invest by consciously basing their choices not merely on the impacts for their shareholders but also and more holistically for a broader range of stakeholders Ultimately the book demonstrates how optimally harmonised stakeholder management can serve as a powerful catalyst for unlocking viable business opportunities which serve the interests of business and society

Developing Skills for Business Leadership Gillian Watson, Stefanie Reissner, 2023-06-03 Split into the core areas of managing yourself and others transferable management skills and postgraduate study skills this is an ideal textbook for CIPD advanced level students and those on non CIPD business masters degrees Covering the theory and practice of the key topics needed for successful professional development and practice *Developing Skills for Business Leadership* includes content on interpersonal and communication skills managing information and projects in both academic and professional contexts change management decision making managing financial resources and data analysis This new edition has been fully updated throughout and now includes new material on building and managing virtual teams remote and hybrid working arrangements resolving conflict organizational learning and development as well as working across diverse cultures and how to foster inclusion This book provides everything that students will need to manage teams in the workplace make sound and justifiable business decisions and effectively lead engage and influence others Chapters are supported by development zones examples case studies and pause for thought boxes to consolidate learning and help students with no prior business

experience put the skills into context and see how they apply in the workplace Online resources include a student guide PowerPoint slides lecturer manual and downloadable templates

New Perspectives on Corporate Social Responsibility Linda O'Riordan, Piotr Zmuda, Stefan Heinemann, 2015-04-14 Providing a timely contribution to the ongoing questions surrounding topics which are by definition subject to varying stakeholder interpretations this book addresses the missing link between theoretical CSR concepts and everyday management practice It acts as a guide to awaken managers to the advantages of adopting a CSR mindset when developing sustainable business strategies The book consists of three parts 1 A theoretical realm which establishes the key concepts and rationale for the adoption of a sustainable CSR approach 2 A practical realm which addresses putting CSR and sustainability into business practice 3 An educational realm which proposes how to incorporate the concepts into teaching and training
