Students can answer selected questions from this little guide orally or in one or more paragraphs. I hope to encourage teachers to teach Jerry Spinelli's *Maniac Magee* and I hope to lessen the time needed for teachers to prepare to teach this book. *Negotiating Opportunities* Jessica McCrory

Calarco, 2018-02-01 In *Negotiating Opportunities* Jessica McCrory Calarco argues that the middle class has a negotiated advantage in school. Drawing on five years of ethnographic fieldwork, Calarco traces that negotiated advantage from its origins at home to its consequences at school. Through their parents' coaching, working class students learn to follow rules and work through problems independently. Middle class students learn to challenge rules and request assistance, accommodations, and attention in excess of what is fair or required. Teachers typically grant those requests, creating advantages for middle class students. Calarco concludes with recommendations advocating against deficit-oriented programs that teach middle class behaviors to working class students. Those programs ignore the value of working class students' resourcefulness, respect, and responsibility, and they do little to prevent middle class families from finding new opportunities to negotiate advantages in school.

Reading Strategies and Practices Robert J. Tierney, John E. Readence, 2000 This book is a compendium of strategies; it is not a description of a single approach nor is it intended to be eclectic. The inclusion of a strategy should not be perceived as our endorsement of that strategy. There are some strategies that we view as problematic; there are others about which we disagree. *English Journal*, 1997 Maniac Magee (ENHANCED eBook) Janice K. Rugg-Davis, 1994-09-01 This teaching unit helps introduce fine literature to students with a wide range of reading abilities. Each teaching unit promotes oral and written language proficiency through discussion questions and writing assignments that develop comprehension, application, synthesis, and evaluation skills. Reproducible pages contain classroom-tested activities that reinforce thinking skills while introducing the concept of analysis through class discussion. Extensive background information is provided for the teacher. Students are presented with the elements of fiction, including setting, characterization, plot, point of view, and theme.
