Children and Their Stories Marie Dubois,2009 The book is both a children s story book and a craft book and is in two parts
The story book section contains short and longer stories for young children to read printed in both English and French The
craft section is an introduction to painting for the aspiring young artists Part One includes full colour illustrations of plates
originally painted by hand on porcelain china and canvas by Marie Dubois On the opposite page the author has written
stories both in English and French based on the theme of each plate The stories have been translated to French to familiarise
young children to a foreign language especially now learning a second language has been added to the school curriculum
Part Two is an introduction to the art of painting The book gives brief instructions as to the materials required basic
techniques and painting principles that beginners will need to create some fine artistic tableau as well as definitions of
various brush strokes for beginners to practice so that they can achieve their own fine art work The Book also includes line
work for each plate design which can be traced on to any painting material It is hoped that the artwork contained in this
volume will inspire other painters to produce similar pieces of work The designs require a great deal of careful creative
attention All drawings and colours on the designs have a distinctive style particularly the characteristic figures old fashion
costumes and hats The book is not only for children to read or parents to read to their children but is also for painters art
teachers and others who might be interested in creating this fine art and will have reason to feel proud of their own
