Macroeconomics Understanding The Global Economy Book:

Macroeconomics David Miles, Andrew Scott, Francis Breedon, 2012-04-09 Macroeconomics Understanding the Global Economy 3rd Edition is to help students and indeed anyone understand contemporary and past economic events that shape the world we live in and at a sophisticated level But it does so without focusing on mathematical techniques and models for their own sake Theory is taken seriously so much so that the authors go to pains to understand the key aspects of theories in a way that will not put people off before they see how theories are useful to analyse issues The authors believe that theories are essential to better understand the world thus the book includes a wealth of historic and current episodes and data to both see how theories can help interpret the world and also to judge their validity Economies today are very inter connected what happens in China matters pretty much everywhere and what happens in one even small country in the euro zone has implications for the whole euro area and beyond consequently Macroeconomics 3rd Edition adopts a very international focus

Macroeconomics David D. Miles, 2012 A revised and updated edition of a very successful macroeconomics textbook The authors deal with sophisticated issues using advanced economic theory but in a manner that is accessible to anyone taking a single course in macroeconomics They begin with real world economic issues and describe why these matter before embarking on economic theory ensuring that readers emerge with a good practical understanding of the global economy and how economists think about it

Macroeconomics David Miles, David D.
