Maintenance Organization and Systems Anthony Kelly, 1997-09-08 The profitability of any industry in any technological sector power process manufacturing mineral extraction transport communication etc will be profoundly influenced by the reliability and performance of the plant which it uses It is therefore vital that all possible measures are taken to maximise the productivity in use and to minimise the maintenance costs and the downtime of that plant This book explains in a clear and concise manner the various organization structures that are needed for doing just that the information systems with which those structures will need to be resourced and the steps that will have to be taken in order to bring those structures and systems into being The author Anthony Kelly

an experienced international consultant and lecturer on this subject calls his approach BUSINESS CENTRED MAINTENANCE BCM because it springs from and is driven by the identification of business objectives which are then translated into maintenance objectives and which underpin the maintenance strategy formulation For the first time maintenance management is analysed from the perspective of the whole company and thus makes sense not only technologically but also in economic and business terms Complete guide to maintenance from a whole company perspective Best selling and world renowned author Complementary to RCM Moubray TPM Wilmott The British National Bibliography Arthur James Wells,2006 **American Book Publishing Record** ,1997-09 IPPTA ,1999 **Subject Guide to Books in Print** ,1991 *Maintenance Planning and Control* Anthony Kelly (M. Sc.),1984 **Equipment Management** Paul D. Tomlinsong,1998 **Turnaround Management** Tom Lenahan,1999-07-15 Manufacturing and process plants must be regularly closed down for planned maintenance operations This may entail the complete shutdown and re start of large scale serial and batch operations and must be performed in as short a period of time as is cost effective This is the process of turnaround and as the processes are often high value and the maintenance operations intensive complex and costly it is vital that it be planned and carried out effectively Tom Lenahan is an acknowledged expert in this field who has worked and consulted internationally and his book will show the maintenance manager or project leader how to get the job done correctly This will include ensuring that lost production value including sourcing replacement capacity is balanced against intensive maintenance costs as well as numerous other factors that may not be obvious to the first time shutdown manager The book draws upon his many years of experience with ICI and has been written in conjunction with Eutech Engineering Services Ltd Foreword by Anthony Kelly author of Maintenance Strategy and Maintenance Organization and Systems
