Making A Good Script Great Linda Seger:

Making a Good Script Great Linda Seger, 2010 Making a good script great is more than just a matter of putting a good idea on paper. It requires the working and reworking of that idea. Making a Good Script Great takes you through the whole screenwriting process from initial concept through final rewrite, providing specific methods that will help you craft tighter, stronger, and more salable scripts. While retaining the invaluable insights that placed its first two editions among the all-time most popular screenwriting books, this expanded, revised, and updated third edition adds rich and important new material on dialogue, cinematic images, and point of view, as well as an interview with screenwriter Paul Haggis. If you're writing your first script, this book will help develop your skills for telling a compelling and dramatic story. If you're a veteran screenwriter, it will help you articulate the skills you know intuitively. And if you're currently stuck on a rewrite, this book will help you analyze and solve your script's problems and get it back on track. Book jacket

The Collaborative Art of Filmmaking Linda Seger, 2019-01-30 The Collaborative Art of Filmmaking: From Script to Screen explores what goes into the making of Hollywood's greatest motion pictures. Join veteran script consultant Linda Seger as she examines contemporary and classic screenplays on their perilous journey from script to screen. This fully revised and updated edition includes interviews with over 80 well-known artists in their fields, including writers, producers, directors, actors, editors, composers, and production designers. Their discussions about the art and craft of filmmaking, including how and why they make their decisions, provides filmmaking and screenwriting students and professionals with the ultimate guide to creating the best possible blueprint for a film and to also fully understand the artistic and technical decisions being made by all those involved in the process.

Making a Good Writer Great Linda Seger, 1999 Teaches writers how to be creative within the craft of screenwriting and discusses theme development, sensation, thinking, dream images, character opposition, and personal vision. *Creating Unforgettable Characters* Linda Seger, 1990-07-15 From a longtime script consultant, a vital aid to all writers, novelists, and screenwriters. Invaluable. Gale Anne Hurd, producer, *The Walking Dead* and *Aliens*. In this book, Linda Seger, author of *Making a Good Script Great*, shows how to create strong, multidimensional characters in fiction, covering everything from research to character block. She introduces concepts designed to stimulate the creative process, combining them with practical techniques and exercises. She also offers specific advice on creating nonfiction and fantasy characters and case studies of such classics as *Ordinary People* and the sitcom *Cheers*. Addressing topics from backstory development to character psychology to avoiding stereotypes, *Creating Unforgettable Characters* is an excellent resource for writers in any genre or creative field. Interviews with successful professional writers complete this essential volume. [You Talkin' to Me?](#) Linda Seger, John Winston Rainey, 2020 Pre-publication subtitle: Writing great dialogue. Digital Storytelling Shilo T. McClean,2008-09-26 How digital visual effects in film can be used to support storytelling a guide for scriptwriters and students Computer generated effects are often blamed for bad Hollywood movies Yet when a critic complains that technology swamps storytelling in a review of Van Helsing calling it an example of everything that is wrong with Hollywood computer generated effects movies it says more about the weakness of the story than the strength of the technology In Digital Storytelling Shilo McClean shows how digital visual effects can be a tool of storytelling in film

adding narrative power as do sound color and experimental camera angles other innovative film technologies that were once criticized for being distractions from the story It is time she says to rethink the function of digital visual effects Effects artists say contrary to the critics that effects always derive from story Digital effects are a part of production not post production they are becoming part of the story development process Digital Storytelling is grounded in filmmaking the scriptwriting process in particular McClean considers crucial questions about digital visual effects whether they undermine classical storytelling structure if they always call attention to themselves whether their use is limited to certain genres and looks at contemporary films including a chapter long analysis of Steven Spielberg s use of computer generated effects and contemporary film theory to find the answers McClean argues that to consider digital visual effects as simply contributing the wow factor underestimates them They are she writes the legitimate inheritors of film storycraft

Life Or Movie Mickael L. Rozwarski,2002 Life or movie Which comes first is a glimpse into an aspiring screenwriter s mind as he tries to figure out the inner workings of high concept movies The author starts out with the premise that there are very easy rules that govern storytelling rules which are universal and tolerate no exceptions That is how he was led to discard traditional perspectives of movie analysis one after the other Field Campbell Jung Freud which all proved to be unfaithful to observable facts The author proposes then a change of paradigm and a different look at storytelling fiction is like magic you cannot explain it or it will break the spell ruin the magic But when you think about it there are no two rational ways of making a rabbit appear from a hat
