Accounting Theory: Practical Application for Social Science Research Erlane K Ghani, Mazurina Mohd Ali, Nor Farizal Mohammed, Kamaruzzaman Muhammad, Nassr Saleh Mohamad Ahmad, 2024-01-01 This textbook provides a comprehensive guide to accounting theory and aims to improve the reader's capacity to think critically about accounting and accounting challenges. It is intended for accounting students who are enrolled in an accounting theory course as well as those who want to pursue postgraduate accounting studies, namely a PhD. This textbook starts with an explanation of what accounting is, followed by its history and conceptual framework, before tying accounting to research. Subsequently, seven theories of accounting are selected and introduced as the accounting research community has made substantial use of these theoretical frameworks. In this textbook, too, applications of accounting theory to previous studies are provided.

Innovation-Driven Business and Sustainability in the Tropics Emiel L. Eijdenberg, Malobi Mukherjee, Jacob Wood, 2023-08-04 The edited volume presents the conference proceedings from the Sustainability Economics, Innovation, Globalisation, and Operational Psychology Conference 2023 SEIGOP 2023 organized by the Centre for International Trade and Business in Asia CITBA at James Cook University, Singapore. This edited volume places the highly dynamic but also jeopardized climatological geographical region of the Tropics centre stage. The region is developing rapidly with significant progress being made through the development of

innovative technologies The Tropics represent a region in which people live amid the greatest level of biodiversity anywhere on the planet Nonetheless propelled by rapid population growth the Tropics is a region on the rise with higher living standards and increased levels of international trade and investment Densely populated emerging countries like India Indonesia and Nigeria will be among the largest economies of the world by the end of the century These upward socioeconomic trends are compromised by the impact of climate change on the Tropics biodiversity Such developments have forced policymakers businesses and local communities to search for more sustainable and creative ways to live and work For these reasons this edited volume presents theory driven conceptual qualitative quantitative and mixed methods studies on the impact of innovation driven businesses on the complex interplay of socio cultural economic and environmental factors in the Tropics
