Manager As Negotiator By David Lax:

Manager as Negotiator David A. Lax, James K Sebenius, 1987-01-05 This fine blend of Harvard scholarship and seasoned judgment is really two books in one The first develops a sophisticated approach to negotiation for executives attorneys diplomats indeed for anyone who bargains or studies its challenges The second offers a new and compelling vision of the successful manager as a strong often subtle negotiator constantly shaping agreements and informal understandings throughout the complex web of relationships in an organization Effective managers must be able to reach good formal accords such as contracts out of court settlements and joint venture agreements Yet they also have to negotiate with others on whom they depend for results resources and authority Whether getting fuller support from the marketing department hammering out next year's budget or winning the approval for a new line of business managers must be adept at advantageously working out and modifying understandings resolving disputes and finding mutual gains where interests and perceptions conflict In such situations The Manager as Negotiator shows how to creatively further the totality of one's interests including important relationships in a way that Richard Walton Harvard Business School Professor of Organizational Behavior describes as sensitive to the nuances of negotiating in organizations and relentless and skillful in making systematic sense of the process This book differs fundamentally from the recent spate of negotiation handbooks that tend to espouse one of two approaches the competitive Get yours and most of theirs too or the cooperative Everyone can always win Transcending such cynical and naive views the authors develop a comprehensive approach based on strategies and tactics for productively managing the tension between the cooperation and competition that are both inherent in bargaining Based on the authors extensive experience with hundreds of cases and peppered with a number of wide ranging examples The Manager as Negotiator will be invaluable to novice and experienced negotiators public and private managers academics and anyone who needs to know the state of the art in this important field

Beyond Traditional Peacekeeping Donald C.F. Daniel, Bradd C. Hayes, 2016-07-27 As the UN celebrates its 50th anniversary it is embroiled in controversy sparked by its recent extensive involvement in operations which go beyond traditional peacekeeping This book brings together leading scholars and practitioners who explicate the issues at the heart of the controversy and recommend changes for the organisation and its member states In dedicated analyses as well as in case studies the authors focus on

issues of sovereignty and intervention national commitments to non traditional missions and operational efficiency and effectiveness when undertaking such missions

The Future of the South China Sea Jiye Kim,2026-01-13 For over seventy years China has steadfastly asserted its sovereignty over the South China Sea transforming these waters into a flashpoint of international tension and a focal point of global diplomacy The Future of the South China Sea intricately explores China s motivations unveiling its ambitions in the South China Sea that are anything but static Despite the prevailing narrative that frames China s objectives as monolithic and unchanging its underlying interests in the region have fluctuated in both content and urgency driven by economic imperatives historical legacies domestic pressures and broader international security concerns By incorporating negotiation records such as the 1958 Declaration on China s Territorial Sea the 1992 ASEAN Declaration and the 2005 Tripartite Agreement Jiye Kim traces how China reshapes its interests into negotiation agendas providing critical insights into the nation s diplomacy and making a significant contribution to an existing literature on the South China Sea that has been largely dominated by analyses of great power rivalry This book sheds light on China s underlying interests as living and adaptable entities providing scholars with a detailed evidence based understanding of the complexities that define one of the world s most contested maritime regions

Dispute Resolution Under Tax Treaties Zvi Daniel Altman,2005 As the interrelationship among tax bases continues to parallel the rapid development of the global economy disputes among governments as to their right to tax international trade and investments under income tax treaties are expected to increase in number and scope Winner of the 2006 Mitchell B Carroll Prize awarded by the International Fiscal Association IFA Why this book This study takes an in depth look at the mechanisms used to resolve such disputes and how they interact with the interests of the various parties involved in the process The study presents an analysis of the available literature supplemented by statistical data from North America Europe and Asia Analysis of this data leads to interesting insights into the way the dispute resolution process functions when it is applied in different contexts The study concludes by suggesting the creation of a new mechanism for the resolution of tax treaty related disputes and advocates in part the establishment of a new international organization with links to domestic judicial networks This mechanism is then subjected to the same common framework analysis and checklist used in earlier parts of the study The analysis suggests how such a mechanism would mitigate some of the most formidable challenges associated with the current dispute resolution procedures
