

THE DENIM DICTIONARY

Shape Shifters

Mom Jean Once the topic of heavy criticism, this style made one of fashion's most unexpected comebacks. Sitting high and tight on the natural waist, this jean fits straight through the thighs and legs but tapers near the ankles.

Fisherman Jean Perfect for wading in ankle-deep water, this wide-leg jean is characterized by its large-bottom cuff.

Girlfriend Jean A more feminine version of her boyfriend counterpart, this mid-rise jean is fitted on the waist and hips and slender through the legs.

Paper Bag Waist Much like cinching the opening of a paper bag, the extra folds of fabric at this jean's high waist line are gathered with a belt, keeping some of the fabric to poke out at the top.

Prospector Jean Soakin' wet, the dungarees worn by men during the California Gold Rush, this ultra high-waist style shows between a straight and wide-leg jean.

Boyfriend Jean This style is slightly oversized with a slouchy and relaxed cut that sits lower on the waist. While the jean is designed specifically for a woman's body, it's meant to look like it was borrowed from the boys.

Relaxed Tapered Jeans This shape fits like a loose boyfriend jean through the hips and thighs but tapers to a skinny jean near the ankles.

Jogger Say hi to the denim version of sweatpants. The elastic drawstring waist and baggy legs are comfortable to lounge around in, while the ribbed ankles give the style a more slender, polished vibe.

Slim and Simple

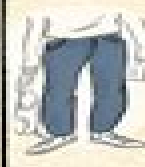

Ultra Skinny Super high rise and skin-tight, this jean fits like a second skin.

Pedal Pusher Originally adopted in the '60s by women who rode bicycles, this retro pant fits like a skinny jean and cuts off at the knees.

Classic Skinny Arguably denim's MVP of the moment, this snug style hugs the wearer firmly from her butt to her ankles.

Traditional Straight Leg The classic silhouette is relaxed on the thighs and maintains a consistent diameter down the entire length of the pant.

Cropped Straight Leg Evenly slim and relaxed throughout the legs, the hemline is cut to fall at the ankles.

Extra Leg Room

Slim Trousers Tailored at the waist and finished with a traditional cuffed trouser hem, this jean fits slim throughout the length of the legs.

Basic Wide Leg Made popular in the '60s by cloners and fly girls, this jean sits low on the waist and is extremely spacious throughout the legs.

Wide Leg Trousers Fitted on the waist and through the hips, the pant's width expands on the legs and is finished with tailored trouser hems.

Culotte This cropped wide-leg pant falls somewhere above the wearer's ankles between her knees and calves.

Cropped Wide Leg Soapy throughout the legs, this jean's hemline just falls short of a full-length style, grazing the wearer's ankles and showing off her shoes.

Embellishments

Frayed Edges Denim takes part in the fringe trend by pulling down groups of threads from the raw hemline and setting them loose to dance around your ankles.

Distressed Intentional tears and bare threads are denim's laid-back version of "I woke up like this".

Moto Skinny Jeans show off their tough-guy side with reinforced knees fit for a biker chic.

Released Hem Just like you would release a hemline to accommodate for a growth spurt, this two-toned style embraces change and an unfinished vibe.

Patchwork Once used to cover holes caused by wear and tear, patches represent a jean that's lived in and loved.

Sailor The double-breasted button placement and high-waist style are a throw back to Navy ship's days on the high seas.

A Touch Of Flair

Cropped Flare This pant fits like a traditional flare except it's a lot shorter. If your Favorite Flare shrunk in the wash, these would be them.

Kick Flare From the knees up this jean could pass as a traditional skinny style. The silhouette gradually expands down through the ankle into a subtle flare.

The Bell Bottom Relaxed through the hips and thighs, the bottom of this jean expands into a dramatic bell around the calves and ankles.

Bootcut The top half of this style is considered a straight and slim cut. The circumference widens ever so slightly around the ankles to accommodate tall shoes and boots.

The Dictionary Of Fashion History Alijkore
