The Long Way Bernard Moitessier:

The Long Way Bernard Moitessier,1995 Bernard Moitessier is a writer and one of France s most famous sailors

Long Way Home Stuart MacDonald,2014-11-24 In his days as a young seaman Stuart MacDonald dreamt of sailing away on his own but a career at sea and later in business got in the way Finally at the age of sixty four he quit work and set off from Scotland With no fixed idea of how long he would be away or how far he would get he reaches the Caribbean and decides to head through the Panama Canal into the Pacific and on to New Zealand After two years of carefree cruising in the Pacific the trip gets tougher and in Australia he almost gives up The book follows Stuart to the end of his four year adventure and is full of colourful descriptions of the places he visits the characters he meets and the long ocean voyages There are good times tough times romance humour and some sadness It s a very real experience whether you are a sailor a dreamer or both

Round About the Earth Joyce E. Chaplin,2012-10-30 In this first full history of around the world travel Joyce E Chaplin brilliantly tells the story of circumnavigation Round About the Earth is a witty erudite and colorful account of the outrageous ambitions that have inspired men and women to circle the entire planet For almost five hundred years human beings have been finding ways to circle the Earth by sail steam or liquid fuel by cycling driving flying going into orbit even by using their own bodily power The story begins with the first centuries of circumnavigation when few survived the attempt in 1519 Ferdinand Magellan left Spain with five ships and 270 men but only one ship and thirty five men returned not including Magellan who died in the Philippines Starting with these dangerous voyages Joyce Chaplin takes us on a trip of our own as we travel with Francis Drake William Dampier Louis Antoine de Bougainville and James Cook Eventually sea travel grew much safer and passengers came on board The most famous was Charles Darwin but some intrepid women became circumnavigators too a Lady Brassey for example Circumnavigation became a fad as captured in Jules Verne s classic novel Around the World in Eighty Days Once continental railroads were built circumnavigators could traverse sea and land Newspapers sponsored racing contests and people sought ways to distinguish themselves by bicycling around the world for instance or by sailing solo Steamships turned round the world travel into a luxurious experience as with the tours of Thomas Cook Son Famous authors wrote up their adventures including Mark Twain and Jack London and Elizabeth Jane Cochrane better known as Nellie Bly Finally humans took to the skies to circle the globe in airplanes Not much later Sputnik Gagarin and Glenn pioneered a new kind of circumnavigation in orbit Through it all the desire to take on the planet has tested the courage and capacity of the bold men and women who took up the challenge Their exploits show us why we think of the Earth as home Round About the Earth is itself a thrilling adventure A History of Solitude David Vincent,2020-05-06 Solitude has always had an ambivalent status the capacity to enjoy being alone can make sociability bearable but those predisposed to solitude are often viewed with suspicion or pity Drawing on a wide array of literary and historical sources David Vincent explores how people have conducted themselves in the absence of company over the last three centuries He

argues that the ambivalent nature of solitude became a prominent concern in the modern era For intellectuals in the romantic age solitude gave respite to citizens living in ever more complex modern societies But while the search for solitude was seen as a symptom of modern life it was also viewed as a dangerous pathology a perceived renunciation of the world which could lead to psychological disorder and anti social behaviour Vincent explores the successive attempts of religious authorities and political institutions to manage solitude taking readers from the monastery to the prisoner s cell and explains how western society s increasing secularism urbanization and prosperity led to the development of new solitary pastimes at the same time as it made traditional forms of solitary communion with God and with a pristine nature impossible At the dawn of the digital age solitude has taken on new meanings as physical isolation and intense sociability have become possible as never before With the advent of a so called loneliness epidemic a proper historical understanding of the natural human desire to disengage from the world is more important than ever The first full length account of its subject *A History of Solitude* will appeal to a wide general readership

Windward Passage Jim Nisbet,2010-04-29 Jim Nisbet is a cult favorite in Europe and it s easy to see why He s a lot more than just good his style has overtones of Walker Percy s smooth southern satin but his characters losers grifters con men hark back to the days of James M Cain s twisted

images of morality writes the Toronto Globe Mail In the tradition of Jim Thompson and Damon Runyon Jim Nisbet is too good to miss and *Windward Passage* is a masterpiece that raises the bar even for a master like Nisbet In the parallel near future a ship named for a jellyfish sinks into the Caribbean with its captain chained to the mast Left behind is a logbook missing ten pages presidential DNA hidden in a brick of smuggled cocaine and a nearly completed novel Topsy the dead sailor's sister and Red Means his erstwhile employer travel from San Francisco to the Caribbean and back as they attempt to unravel a mystery that rapidly widens from death at sea to international conspiracy With verve and humor to match the *Illuminati Trilogy* Nisbet has fashioned an engaging facsimile of our modern world albeit with snappier dialogue amped up technology and even more clearly stated political prejudices Neither Norman Mailer nor Truman Capote has in their writing been able to produce such an intensity as Nisbet has achieved writes Germany's *Die Welt* Pick up *Windward Passage* and see why ***Shakedown Cruise*** Nigel Calder,2018-05-01 Long before he was one of America's leading yachting writers Nigel Calder was a novice cruiser with ambitions grander than his experience Nigel and his partner Terrie were young and foolish with a home built boat that was new and untested one child already and another on the way but they were determined to complete an adventurous 18 month voyage from New Orleans to Venezuela and back It was the voyage that made Calder the yachtsman he is today a marvellous romp through the West Indies seeing an unspoilt Caribbean while learning hard won lessons from direct experience troubleshooting engines kedging off shoals and reefs and most importantly navigating *Nada* a yacht that quickly became very much part of the burgeoning Calder family too An adventure story and a colourful travelogue in one *Shakedown Cruise* is a must read for all who are curious about what it takes to become a cruising sailor or create an adventurous life as well as those who are just looking to sail along with Nigel and his family ***Rowing After the White Whale*** James Adair,2013-04-18 What's it like to be on a small boat with no power but oars and over 1 500 miles from the nearest land Two friends decided to find out Over a boozy Sunday lunch flatmates James Adair and Ben Stenning made a promise to row across an ocean despite having no sailing or rowing experience whatsoever This is an account of their 116 days at sea as they undertook the voyage of a lifetime From eerie calms to their capsizing in stormy seas their determination and perseverance pushed them through the relentless dangers of rowing and sleeping under sun moon wind and stars for day upon day Their tale is one of moonbows and meteor showers passing whales and thieving fish lurking sharks and giant squid and a terrifying fight for survival ***Bas Jan Ader*** Alexander Dumbadze,2013-05-27 On July 9 1975 Dutch born artist Bas Jan Ader set sail from Chatham Massachusetts on a thirteen foot sailboat He was bound for Falmouth England on the second leg of a three part piece titled *In Search of the Miraculous* The damaged boat was found south of the western tip of Ireland nearly a year later Ader was never seen again Since his untimely death Ader has achieved mythic status in the art world as a figure literally willing to die for his art Considering the artist's legacy and concise oeuvre beyond the romantic and tragic associations that accompany his peculiar end Alexander Dumbadze resituates Ader's art and life within the conceptual art

world of Los Angeles in the early 1970s and offers a nuanced argument about artistic subjectivity that explains Ader's tremendous relevance to contemporary art. Bas Jan Ader blends biography, theoretical reflection, and archival research to draw a detailed picture of the world in which Ader's work was rooted: a vibrant international art scene populated with peers such as Ger van Elk, William Leavitt, and Allen Ruppersberg. Dumbadze looks closely at Ader's engagement with questions of free will and his ultimate success in creating art untainted by mediation. The first in-depth study of this enigmatic conceptual artist, Bas Jan Ader is a thoughtful reflection on the necessity of the creative act and its inescapable relation to death.

My Old Man and the Sea Daniel Hays, 1995-01-01. Traces a father and son journey around South America in a tiny boat they built together.

Into the Ice Mark Synnott, 2025-04-15. New York Times bestselling author Mark Synnott has climbed with Alex Honnold. He's scaled Mount Everest. He's pioneered big wall first ascents including the north west face of the mile high Great Trango Tower and skied monster first descents. But in 2022 he realized there was a dream he'd yet to achieve: to sail the Northwest Passage in his own boat, a feat only four hundred or so sailors have ever accomplished and in doing so try to solve the mystery of what happened to legendary nineteenth century explorer Sir John Franklin and his ships HMS Erebus and Terror. Only a few hundred vessels have ever transited the Northwest Passage and substantially fewer have done so in a fiberglass hulled boat like Polar Sun. But Mark was determined to return to the Arctic where he cut his teeth as a young climber and in the process investigate one of the great mysteries of exploration: What really happened to Sir John Franklin and his entire 128 man crew which disappeared into these ice strewn waters 175 years ago. In this pulse pounding travelogue Mark Synnott paints a vivid portrait of the Arctic which is currently warming twice as fast as any other part of our planet. He weaves its history and people into the first person account of his epic journey through the Northwest Passage searching for Franklin's tomb along the way, all while trying to avoid a similar fate. In *Into the Ice*, Mark and his crew race against time and treacherous storms in search of answers to the greatest mystery of all time: What is it that drives someone to risk it all in the name of exploration?

Downstream Toward Home Oliver A. Houck, 2014-10-06. American rivers are among the most diverse and challenging in the world and for many the excitement and escape they offer develops into a lifelong pursuit. In *Downstream Toward Home*, Oliver A. Houck recounts his six decades exploring America's waterways from unnamed creeks and Louisiana swamps to the rivers of western canyons and the Alaskan tundra. This engaging travelogue leads readers down over thirty-two rivers found across the country. Along the way, Houck provides quiet observations as he finds footprints of red wolves on a sandbank or paddles through an aqueous forest of cypress trees. Collectively, these moments of adventure and introspection reveal his distinct and extraordinary vision of the national landscape. From the thrill of approaching rapids to the peace of resting on a shoal, Houck's narrative draws from history and personal experience subtly to remind us how each body of water plays an outsized role in its surrounding environment. At once a journal, a primer, and a guide, *Downstream Toward Home* is an invitation to create our own experiences on America's rivers.

How to Build a Boat Jonathan Gornall,2019-05-07 Part ode to building something with one's hands in the modern age part celebration of the

beauty and function of boats and part moving father daughter story How to Build a Boat is a bold adventure Once an essential skill the ability to build a clinker boat first innovated by the Vikings can seem incomprehensible today Yet it was the clinker with its overlapping planks that afforded us access to the oceans and its construction has become a lost art that calls to the do it yourself in all of us John Gornall heard the call A thoroughly unskilled modern man Gornall set out to build a traditional wooden boat as a gift for his newborn daughter It was he recognized a ridiculously quixotic challenge for a man who knew little about woodworking and even less about boat building He wasn't even sure what type of wood he should use the tools he'd need or where on earth he'd build the boat He had much to consider and even more to learn But undaunted he embarked on a voyage of rediscovery determined to navigate his way back to a time when we could fashion our future and leave our mark on history using only time honored skills and the materials at hand His journey began in East Anglia on England's rocky eastern coast If all went according to plan it would end with a great adventure as father and daughter cast off together for a voyage of discovery that neither would forget and both would treasure until the end of their days How to Build a Boat celebrates the art of boat building the simple pleasures of working with your hands and the aspirations and glory of new fatherhood John Gornall tells the inspiring story of how even the least skilled of us can make something wonderful if we invest enough time and love The Daily Mail and taps into the allure of an ancient craft interpreting it in a modern way as tribute to the generations yet to come Both the book and place are magical The Sunday Telegraph
