The Conservative Party Manifesto 2017

Philip B. Whyman, Alina I. Petrescu

The Conservative Party Manifesto 2017:

Youthquake 2017 James Sloam, Matt Henn, 2018-12-06 This book is open access under a CC BY 4.0 license This book investigates the reasons behind the 2017 youthquake which saw the highest rate of youth turnout in a quarter of a century and an unprecedented gap in youth support for Labour over the Conservative Party from both a comparative and a theoretical perspective It compares youth turnout and party allegiance over time and traces changes in youth political participation in the UK since the onset of the 2008 global financial crisis from austerity to the 2016 EU referendum to the rise of Corbyn up until the June 2017 General Election The book identifies the rise of cosmopolitan values and left leaning attitudes amongst Young Millennials particularly students and young women The situation in the UK is also contrasted with developments in youth participation in other established democracies including the youthquakes inspired by Obama in the US 2008 and Trudeau in Canada 2015

The Decade in Tory Russell Jones, 2022-10-27 In 2020 the United Kingdom reached a bewildering milestone ten successive years of Conservative rule In that decade there were three prime ministers each in turn described as the worst leader we ever had ministerial resignations by the hundred and an unrelenting stream of ineffectual divisive bum slurry oozing from 10 Downing Street The Decade in Tory is an inglorious rollicking and entirely true account of ten years of demonstrable lies relentless incompetence epic waste serial corruption official police investigations anti democratic practices abuse of power dereliction of duty and hundreds of thousands of avoidable deaths With his signature scathing wit Russell Jones breaks down the government's interminable failures year by year covering everything from David Cameron's pledge to tackle inequality which reduced UK life expectancy for the first time since 1841 through the bewildering storm of lies and betrayals that led to Brexit devastating education cuts serial mismanagement of the NHS and Boris Johnson's calamitous response to the Covid 19 pandemic It will leave you gasping and wondering can things possibly get any worse

The Conservative Governments and Social Policy Hugh Bochel, Martin Powell, 2024-01-09 Focusing on the policy approaches of Conservative governments since 2015 this book examines key social policy areas including education health housing employment children and young people and more Respected social policy researchers explore the degree to which the positions and policies of recent Conservative governments have differed from the previous Coalition government 2010-15 They consider the extent to which austerity has continued and the influence of other policy emphases such as a levelling up agenda Reflecting on the rapid changes of Prime Minister they compare the themes of the Cameron May Johnson Truss and Sunak administrations critically examine the impacts of the external shocks of Brexit and COVID 19 and the changing patterns of public expenditure

Reflections Dr. Mark Avery, 2023-07-04 In this informed incisive and passionate commentary on the state of nature and conservation Mark Avery reflects on our relationship with the wildlife around us From the cats that pass through his garden to the chronic decline of farmland wildlife from the Pasqueflowers he visits every spring to the proportion of national income devoted to saving nature everything is connected and everything is considered

This book analyses what is wrong with certain ways we do wildlife conservation but explores some of its many successes too. How can we do better to restore wildlife to everybody's lives? We know how to conserve species and habitats; it's time to roll out conservation measures on a much bigger scale. This is a societal choice in which every nature lover can play their part. Reflections sets out what is needed and what part the state, environmental charities and we as individuals can play in making that happen. This highly personal work from a life embedded in and dedicated to nature does not shy away from the harsh realities we face but its message ultimately is one of hope.

The Prime Ministerial Court R. A. W. Rhodes, 2024-10-25. Court politics is about who in British government did what to whom when how why and with what consequences. In *The Prime Ministerial Court* Rod Rhodes provides a thorough depiction of the court politics of the Conservative governments of the twenty-first century, namely the courts of David Cameron, Theresa May and Boris Johnson. Exploring specific topics including the courtiers, the prime minister's craft, reshuffles, resignations and leadership challenges and the political games and feuds in the court between ministers, advisers and civil servants, Rhodes concludes that the British government has a new Establishment in which the skills of knavery abound. He finds evidence of betrayal, revenge, lying, scandals and bullying with such machinations oiled by gossip, humour and alcohol. Analysing the everyday practice of the dark arts by the British political and administrative elite, each chapter includes a short case study of the court in action covering the education wars, the 2018 election and the Covid-19 crisis. Each case illustrates the personal, electoral and governmental consequences of court politics. Rhodes warns that there are more and more knaves; decency is in decline and British government needs rules for rulers. Above all, he cautions citizens: beware, here be dragons.

Neoliberalism in British Politics Christopher Byrne, 2018-09-21. Taking a chronological approach, this book challenges established economic and ideologic narratives of neoliberalism in Britain by charting the gradual diffusion of an increasingly interventionist neoliberal governmental rationality in British politics since the late 1970s and the various means by which the project has furnished itself with a hegemonic basis for its popular support. Spanning five decades of British political history and drawing on rich empirical evidence to bring conceptual clarity to and chart the effects of a style of government bound up with a host of epochal changes, it concludes by considering Brexit and the rise of Corbynism as the final act in the neoliberal saga. It then poses the question: Is British politics on the verge of a major reconstruction representing a decisive rejection of neoliberalism? This book will be of key interest to scholars and students of British politics and neoliberalism, liberalism and more broadly to political theory, political economy and public policy.

British Public Opinion and Party Policy Towards European Integration, 1973-2016 Stuart Smedley, 2025-03-18. This book provides the first detailed historical account of British public opinion and party policy towards European integration from 1973, the year in which the UK joined the European Community, to 2016, the year in which the UK voted to leave the European Union. It takes a thematic approach towards this subject, exploring party policy and public opinion towards significant developments in the European integration process during the period covered.

These include moves towards deeper and flexible integration economic and monetary union the Single Market enlargement and foreign and defence policy cooperation The author assesses the nature of British public opinion towards these developments some of which Britain's government and main political parties supported and others which they opposed and analyses the extent to which party policies reflected public opinion

The London Problem Jack Brown, 2021-09-15 Brown reflects on anti London sentiment in the UK as the capital continues to gain power The United Kingdom has never had an easy relationship with its capital By far the wealthiest and most populous city in the country London is the political financial and cultural center of the UK responsible for almost a quarter of the national economic output But the city's insatiable growth and perceived political dominance have gravely concerned national leaders for hundreds of years This perception of London as a problem has only increased as the city becomes busier dirtier and more powerful The recent resurgence in anti London sentiment and plans to redirect power away from the capital should not be a surprise in a nation still feeling the effects of austerity Published on the eve of the delayed mayoral elections and in the wake of the greatest financial downturn in generations *The London Problem* asks whether it is fair to see the capital's relentless growth and its stranglehold of commerce and culture as smothering the United Kingdom's other cities or whether as a global megacity it makes an undervalued contribution to Britain's economic and cultural standing

The Parliamentary Battle over Brexit Meg Russell, Lisa James, 2023-02-21 *The Parliamentary Battle Over Brexit* provides answers to those who want to understand the bitter arguments that occurred over Brexit what might have been handled better and the role that parliament played Since the 2016 referendum the hotly contested issue of Brexit has raised fundamental questions about the workings of British democracy Nowhere was this more true than regarding the role of parliament This book addresses important questions about parliament's role in the UK constitution and the impact on this of the Brexit process While initially intended to re-establish parliamentary sovereignty Brexit wrought significant damage on the reputation of parliament and the wider culture of UK democracy Charting the full story of the parliamentary battle over Brexit Meg Russell and Lisa James show that it wasn't always what it seemed Based on careful documentary research and extensive interviews with key protagonists the book explores multiple nail biting moments procedural innovations and political what ifs Drawing on insider accounts alongside media and parliamentary debates the book puts the events of Brexit into context and provides a clear and reliable document of record on a complex and disputed story Ultimately it argues that Brexit was largely a battle inside the Conservative Party for which parliament got the blame Insightful and comprehensive the book is necessary reading to those with broader interests in British Politics the culture of UK democracy and the challenges of populism and democratic backsliding

Age Of Voter Rage Nik Nanos, 2018-03-29 Democracy is becoming a toxic environment rife with trolls bots fake news and computational propaganda Why and what can be done In this highly informative engaging and readable book Canada's leading pollster and data expert Nik Nanos gives an insider's look into the surprise outcomes that favoured Trump Trudeau

and Macron along with the Brexit and UK election votes Nanos asserts that this is more the tyranny of small numbers fueled by economic anxiety than a massive populist wave We are in a new era where the margins wield the power for change and no outcome can be certain Welcome to the age of voter rage

Human Rights in the UK and the Influence of Foreign Jurisprudence Hélène Tyrrell, 2018-09-20 Longlisted for the 2022 Inner Temple Main Book Prize Human Rights in the UK and the Influence of Foreign Jurisprudence represents the first major empirical study of the use of foreign jurisprudence at the UK Supreme Court This book focuses on the patterns of use and non use of rulings from foreign domestic courts in human rights cases before the UK Supreme Court Results are drawn from quantitative and qualitative research presenting data from the first eight years of Supreme Court activity The evidence includes interviews with active and former members of the senior judiciary as well as a focus group including some of the Supreme Court Judicial Assistants It is argued that foreign jurisprudence is more intimately woven into the fabric of judicial reasoning and serves a wider range of functions than the term persuasive authority might imply Foreign jurisprudence is used mainly as a heuristic device providing judges with a fresh analytical lens Foreign jurisprudence is also important when interpreting a common legislative scheme supporting dialogue between the Supreme Court and supranational courts such as the European Court of Human Rights The perspectives offered by foreign jurisprudence can also support a stronger conception of domestic human rights In these ways this book addresses a broader political question about the source of human rights in the UK

Breaking peace Feargal Cochrane, 2020-09-17 In 2021 Northern Ireland will commemorate its centenary but Brexit more than any other event in that 100 year history has jeopardised its very existence Events since 2016 have complicated political relationships within Northern Ireland and further destabilised the devolved institutions established in the wake of the 1998 Good Friday Agreement Feargal Cochrane's urgent analysis argues that Brexit is breaking peace in Northern Ireland making it the most significant event since Partition Endless negotiations and uncertainty have brought contested identities back to the forefront of political debate Always so much more than a line on a map the border has become an existential marker of identity as well as a reminder of the dark days of violent conflict This insightful book explores how and why the Brexit negotiations have been so destabilising for politics in Northern Ireland opening the door to a violent past

The Economics of Brexit Philip B. Whyman, Alina I. Petrescu, 2021-01-05 The Economics of Brexit Revisited builds upon and extends the analysis contained within the authors previous book The Economics of Brexit A Cost Benefit Analysis of the UK's Economic Relationship with the EU which arguably represented the most comprehensive and systematic evaluation of the UK's economic relationship with the EU The Economics of Brexit Revisited continues where the previous volume left off given that the UK has now formally withdrawn from the EU and therefore the focus of the evidence presented concerns the potential economic implications arising from Brexit and considering the options available to those negotiating the UK's future economic relationship both regionally and globally The Economics of Brexit Revisited seeks to provide greater clarity to a range of issues that have been

hotly debated over the past few years ranging from the trade and fiscal implications of Brexit to the economic impact of regulation and migration. The significance of different Brexit options are discussed in detail including the significance of demands for regulatory harmonisation, the level playing field along with their implications for UK trade with the EU and the rest of the world. A wide range of economic analyses are evaluated to determine their relative methodological strengths and weaknesses and ultimately whether their conclusions are sufficiently robust to engender confidence. Finally noting that a key determinant of the effectiveness of any post Brexit economic strategy depends upon the degree of flexibility created for economic policy, the book provides an extended examination of the potential relating to different economic policy options available to the UK government depending upon the form of final trade settlement that is agreed with the EU. These policy options include more active forms of macroeconomic management combined with industrial and procurement policy. The *Economics of Brexit Revisited* therefore seeks to combine evaluation of the available evidence indicating the economic impact of Brexit together with consideration of policy trade offs that lie at the heart of the choices surrounding Brexit and how these might be resolved. The *Economics of Brexit Revisited* therefore maintains its position as the most comprehensive analysis of the economics of Brexit in the market today.

Falling Down Phil Burton-Cartledge, 2021-09-14. The Fall of the Tory Party. Despite winning the December 2019 General Election, the Conservative parliamentary party is a moribund organisation. It no longer speaks for or to the British people. Its leadership has sacrificed the long standing commitment to the Union to Get Brexit Done. And beyond this, it is an intellectual vacuum propped up by half baked doctrine and magical thinking. *Falling Down* offers an explanation for how the Tory party came to position itself on the edge of the precipice and offers a series of answers to a question seldom addressed: as the party is poised to press the self destruct button, what kind of role and future can it have? This tipping point has been a long time coming and Burton Cartledge offers critical analysis to this narrative. Since the era of Thatcherism, the Tories have struggled to find a popular vision for the United Kingdom. At the same time, their members have become increasingly old. Their values have not been adopted by the younger voters. The coalition between the countryside and the City interests is under pressure and the latter is split by Brexit. The Tories are locked into a declinist spiral and with their voters not replacing themselves, the party is more dependent on a split opposition putting into question their continued viability as the favoured vehicle of British capital.

The Migrant's Paradox Suzanne M. Hall, 2021-03-16. Connects global migration with urban marginalization, exploring how race maps onto place across the globe, state and street. In this richly observed account of migrant shopkeepers in five cities in the United Kingdom, Suzanne Hall examines the brutal contradictions of sovereignty and capitalism in the formation of street livelihoods in the urban margins. Hall locates *The Migrant's Paradox* on streets in the far flung parts of de-industrialized peripheries where jobs are hard to come by and the impacts of historic state underinvestment are deeply felt. Drawing on hundreds of in-person interviews on streets in Birmingham, Bristol, Leicester, London, and Manchester, Hall brings together histories of colonization with current forms of

coloniality Her six year project spans the combined impacts of the 2008 financial crisis austerity governance punitive immigration laws and the Brexit Referendum and processes of state sanctioned regeneration She incorporates the spaces of shops conference halls and planning offices to capture how official border talk overlaps with everyday formations of work and belonging on the street Original and ambitious Hall s work complicates understandings of migrants demonstrating how migrant journeys and claims to space illuminate the relations between global displacement and urban emplacement In articulating a citizenship of the edge as an adaptive and audacious mode of belonging she shows how sovereignty and inequality are maintained and refuted Constitutional Reform and Brexit Gary Wilson,2023-06-30 This book examines the extent to which Brexit has impacted upon the operation of the British Constitution prompting in turn consideration of how some of the factors which contributed to the outcome of the 2016 referendum as well as the event of Brexit itself might inform debates surrounding constitutional reform moving forward The work seeks to make sense of the constitutional implications of Brexit and to revisit some of the key debates that have taken place in respect of particular constitutional reform proposals in order to assess the extent to which recent Brexit related developments inform the perspectives which are taken upon their merits and prospects The book is divided into two parts The first provides some context for the substantive treatment of the potential impact of Brexit on constitutional reform debates which forms the focus of Part II Part II centres on various specific constitutional reform themes or issues which are explored further within the context of Brexit For each such issue the main parameters of the debates which have taken place are sketched out before moving on to consider how it has informed or may come to be informed by the phenomenon of Brexit By so doing it looks to some future directions for constitutional reform which take account of the factors driving the discourses which gave rise to the referendum outcome and subsequent developments as well as offering meaningful responses to these The book will be of interest to academics researchers and policy makers working in the areas of constitutional law constitutional politics philosophy and history

Statecraft Andrew S. Roe-Crines,David Jeffery,2023-07-10 This book examines the statecraft of former UK Prime Minister Theresa May as a means of deconstructing her leadership of the United Kingdom Alongside the inescapable issue of Brexit that dominated her Premiership it takes a wider view of her record in government by looking at how and why she stood for the leadership of the Conservative Party scrutinizes her approach to economic social and foreign policy interrogates her attitudes towards Northern Ireland and the DUP and her longstanding records on race relations LGBT issues and feminism as well as more traditional concerns such as faith constitution and Britishness This volume is the first of its kind to adopt such a systematic approach in its evaluation of May s leadership **OECD Reviews of Vocational Education and Training Apprenticeship in England, United Kingdom** Kuczera Małgorzata,Field Simon,2018-04-11 One of a series of studies on vocational education and training this review focuses on the apprenticeship system in England and concludes with policy recommendations **Constitutional and Administrative Law** Roger Masterman,Colin Murray,2022-06-02 Provides

an accessible discursive and scholarly treatment of the key contemporary issues in UK Public Law **The UK and Multi-level Financial Regulation** Scott James, Lucia Quaglia, 2020-02-06 The UK and Multi level Financial Regulation examines the role of the United Kingdom UK in shaping post crisis financial regulatory reform and assesses the implications of the UK s withdrawal from the European Union EU It develops a domestic political economy approach to examine how the interaction of three domestic groups elected officials financial regulators and the financial industry shaped UK preferences strategy and influence in international and EU level regulatory negotiations The framework is applied to five case studies bank capital and liquidity requirements bank recovery and resolution rules bank structural reforms hedge fund regulation and the regulation of over the counter derivatives It concludes by reflecting on the future of UK financial regulation after Brexit The book argues that UK regulators pursued more stringent regulation when they had strong political support to resist financial industry lobbying UK regulators promoted international harmonisation of rules when this protected the competitiveness of industry or enabled cross border externalities to be managed more effectively but were often more resistant to new EU rules when these threatened UK interests Consequently the UK was more successful at shaping international standards by leveraging its market power regulatory capacity and alliance building with the US But it often met with greater political resistance at the EU level forcing it to use legal challenges to block reform or secure exemptions The book concludes that political and regulatory pressure was pivotal in defining the UK s hard Brexit position and so the future UK EU relationship in finance will most likely be based on a framework of regulatory equivalence

Right here, we have countless ebook **The Conservative Party Manifesto 2017** and collections to check out. We additionally give variant types and furthermore type of the books to browse.
