lower parts of the giant carrot a strange glow began to come from the depths of the carrot mine What kind of world did they discover All their lives Jack III and his sister Elayna had listened to the tales about their grandfather and the beanstalk Now those adventures seemed very tame compared to what they faced in the depths of the carrot mine But when so much was at stake did they have their grandfather s courage The stories in the Galactic Flyer books are for children but they are not childish Children are brilliant and I have seen that they love to learn about character and values in their stories This story teaches about courage freedom and also about being wise with money There are many colorful pictures in this book The pictures of characters acting out this adventure are of my children and grandchildren who grew up on these tales This is a story that children will remember Over the decades I have made up countless stories of adventure and fantasy for my children and grandchildren I chose the stories in this series from those my teen grandchildren still remember It is a joy to pass these stories along to others outside our circle of family and friends I hope you and the children in your life enjoy them
