Project Blue Book *Quest for Zero Point Energy* Moray B. King, 2001 Electrical Engineer Moray B King expands with diagrams on how free energy and anti gravity are possible The theories of zero point energy maintain there are tremendous fluctuations of electrical field energy embedded within the fabric of space King explains the following topics Tapping the Zero Point Energy as an Energy Source Fundamentals of a Zero Point Energy Technology Vacuum Energy Vortices The Super Tube Charge Clusters The Basis of Zero Point Energy Inventions Vortex Filaments Torsion Fields and the Zero Point Energy Transforming the Planet with a Zero Point Energy Experiment Dual Vortex Forms The Key to a Large Zero Point Energy Coherence Packed with diagrams patents and photos With power shortages now a daily reality in many parts of the world this book offers a fresh approach very rarely mentioned in the mainstream media **The Shadow Government** Len Bracken, 2002 This book presents the alarming evidence that nation states actively engage in terror and also passively allow terror to be visited upon their citizens It is not just liberation movements and radical groups that deploy terrorist tactics for offensive ends States use terror defensively to directly intimidate their citizens and to indirectly attack themselves or harm their citizens under a false flag Their motivation To provide pretexts for otherwise unwanted wars or to gain increased police powers Statesmen have executed indirect terrorism in various ways but most plots tend to involve the pretence of blind eyes misdirection and cover ups that give the statesmen plausible deniability The shrinking of the Lusitania the bombing of Pearl Harbour the October Surprise the first World Trade Center bombing the Oklahoma City bombing and other well known incidents suggest that terrorism is often successfully used by states to take the offensive against enemies at home and abroad Was 9 11 such an indirect defensive attack Len Bracken traces the clues circumstantially connecting a multi armed hydra of oil interests the CIA FBI diplomats and statesmen to the September 11 attacks and examines whether they were engineered or allowed as a pretext for the war in Afghanistan The subsequent anthrax attack targeting Democratic senators is considered in light of the controversial USA Patriot Acts rights encroaching measures and the act s easy passage under conditions of terror A shadow government appears to have covered the land like black ice **Tayos Gold** Stan Hall, 2007 In 1976 Scottish engineer Stan Hall organised a landmark expedition to the caves of the Tayos Indians in Ecuador involving a dozen institutions joint Special Forces and astronaut professor Neil Armstrong as Honorary President and participant Hall was driven by curiosity about Erich von Daniken s report of a Metal Library allegedly found in the caves by investigator Juan Moricz in the mid 1960s published in von Daniken s 1972 blockbuster *Gold of the Gods* This idea was considered unorthodox in the absence of any ancient written script in South America In Hall s odyssey into the heart of global enigmas he researches the origins of mankind Atlantis Ptolemy s lost city of Cattigara and the sudden rise and fall of wonder civilisations This journey ended with his identification of Atlantis and Cattigara and the entrance to the Metal Library along the Pastaza River in Ecuador Imagination action and danger combine explosively in the story of this spectacular British Ecuadorian expedition to the Tayos Caves of Ecuador *The Orion Prophecy* Patrick Geryl, Gino Ratinckx, 2001 In the year 2012 the Earth awaits a

super catastrophe its magnetic field will turn over in one go Phenomenal earthquakes and tidal waves will completely destroy our civilisation Europe and North America will shift thousands of kilometres northwards into polar climate Nearly the whole earth's population will perish in the apocalyptic happenings These dire predictions stem from Mayans and Egyptians descendants of the legendary Atlantis The Atlanteans had highly evolved astronomical knowledge and were able to exactly calculate the previous world wide flood in 9792 BC They built tens of thousands of mandjits and escaped to South America and Egypt In the year 2012 Venus Orion and several other stars will take the same code positions as in 9792 BC the year of the previous cataclysm For thousands of years historical sources have told of a forgotten time capsule of ancient wisdom located in a mythical labyrinth of secret chambers filled with artefacts and documents from the previous flood this book gives one possible location Lost Cities of Ancient Lemuria & the Pacific David Hatcher Childress,1988 Was there once a continent in the Pacific Called Lemuria or Pacifica by geologists and Mu or Pan by the mystics there is now ample mythological geological and archaeological evidence to prove that an advanced and ancient civilization once lived in the central Pacific Maverick archaeologist and explorer David Hatcher Childress combs the Indian Ocean Australia and the Pacific in search of the astonishing truth about mankind's past *World Mysteries Revealed* Michael Bradley,2005 From cattle mutilations and crop circles to Bigfoot the Bermuda Triangle and the Loch Ness Monster this one of a kind authoritative guide unlocks ancient mysteries sifts facts from fiction and occasionally reveals startling conclusions that challenge what we know or what we think we know Each chapter poses a pivotal and provocative question raised by a specific controversial mystery and then presents two sides of the debate Each YES NO section stands alone in its own right but often directly gives an alternative explanation for specific claims in the opposing section This dialectic approach means that apparently contradictory views can be resolved in an intriguing synthesis *Lost Cities & Ancient Mysteries of South America* David Hatcher Childress,1986 Rogue adventurer and maverick archaeologist David Hatcher Childress takes the reader on unforgettable journeys deep into deadly jungles windswept mountains and scorching deserts in search of lost civilizations and ancient mysteries *The Free American!* ,2002 **Selling Fear** Gregory S. Camp,1997 A host of Christian teachers have tapped into conspiracy theories to design their own end times scenarios But how do their prophetic schemes hold up against Scripture logic and history Historian Gregory Camp offers a sane counterbalance **Invisible Residents** Ivan T. Sanderson,2005 This book is a groundbreaking contribution to the study of the UFO enigma originally published over 30 years ago In this book Sanderson a renowned zoologist with a keen interest in the paranormal puts forward the curious theory that a oeOINTS Other Intelligences live under the Eartha TM's oceans This underwater parallel civilization may be twice as old as Homo sapiens he proposes and may have a oedeveloped what we call space flight Sanderson postulates that the OINTS are behind many UFO sightings as well as the mysterious disappearances of aircraft and ships in the Bermuda Triangle What better place to have an impenetrable base than deep within the oceans of the planet Yet if UFOs or at least

some of them are coming from beneath our oceans or lakes does it necessarily mean that there is another civilization besides our own that is responsible In fact could it be that since WWII a number of underwater UFO bases have been constructed by the very human governments of our planet Whatever their source Sanderson offers here an exhaustive study of USOs Unidentified Submarine Objects observed in nearly every part of the world He presents many well documented and exciting case studies of these unusual sightings more
