

Jesus Christ Superstar

Words by Tim Rice
Music by Andrew Lloyd Webber

Energetically ♩ = 126

Chorus

Ev - 'ry time I look at you I don't re - cer - stand, —

Why you let the things you did get so out of hand. —

You'd have man - aged bet - ter if you'd had — a plan —

Why'd you choose such a back-ward time and such a strange — land?

The traditional academic journal article still holds its place as a convention of published scholarship but Salda illustrates how a variety of approaches to research documentation can evocatively represent social life and one's self in intriguing ways. *Writing Qualitatively* assembles journal articles, book chapters, ancillary materials, texts from keynote addresses, and previously unpublished work that illustrate Salda's eclectic body of inquiry. Each piece is prefaced with author comments on the selection and how readers themselves might venture into comparable writing styles. Multiple methodologies and writing examples are included, ranging from case studies to action research, from poetry to ethnodramatic play scripts, from confessional tales to autoethnographies, and from textbook materials to classroom session designs. An introduction to the collection discusses Salda's writing processes and how qualitative researchers and educators can extend their own imaginations and creativity to find new forms of scholarly presentation and representation. *Writing Qualitatively* serves as a supplemental text for undergraduate and graduate courses in qualitative inquiry, educational research, ethnography, and arts-based research. This unique anthology demonstrates to students, professors, and professional researchers how academic scholarship can be reported through a breadth of literary genres, elements, and styles.

Copyright and the Value of Performance, 1770-1911 Derek Miller,2018-08-16 In the nineteenth century, copyright law expanded to include performances of theatrical and musical works. These laws transformed how people made and consumed performances. Exploring precedent setting litigation on both sides of the Atlantic, this book traces how courts developed definitions of theater and music to suit new performance rights laws. From Gilbert and Sullivan battling to protect *The Mikado* to Augustin Daly petitioning to control his spectacular railroad scene, artists worked with courts to refine vague legal language into clear functional theories of drama, music, and performance. Through cases that ensnared figures including Lord Byron, Laura Keane, and Dion Boucicault, this book discovers how the law theorized central aspects of performance, including embodiment, affect, audience response, and the relationship between scripts and performances. This history reveals how the advent of performance rights reshaped how we value performance both as an artistic medium and as property.
