

THE FIRST WORLD WAR

HEW STRACHAN

ACCOMPANYING THE MAJOR CHANNEL 4 SERIES

The First World War Hew Strachan

Hew Strachan

The First World War Hew Strachan:

The First World War Hew Strachan, 2003 Hew Strachan is one of the world's foremost experts on the Great War of 1914-18. His ongoing three-volume history of the conflict, the first of which was published in 2001, is likely to become the standard academic reference work. Max Hastings called it one of the most impressive books of modern history in a generation, while Richard Holmes hailed it as a towering achievement. Now Hew Strachan brings his immense knowledge to a one-volume work aimed squarely at the general reader. Returning wisdom about the war completely on its head, he pays tribute to the men who planned and executed the war, seeing it not as a shocking waste of human life but as a necessary conflict that utterly transformed the twentieth century. Taking a truly global view of the war, he redresses the idea that it was a prolonged skirmish on the Western Front. Rigorously researched, superbly written, *THE FIRST WORLD WAR* will take its place as one of the finest works in the literature of war.

The First World War Hew Strachan, 2003 Hew Strachan's illustrated history of World War One complements his ongoing three-volume history of the conflict. It takes a uniquely global view of what is often misconceived as a prolonged skirmish on the Western Front.

The First World War Hew Strachan, 2005-04-05 This serious compact survey of the war's history stands out as the most well-informed, accessible work available. Los Angeles Times. Nearly a century has passed since the outbreak of World War I, yet as military historian Hew Strachan, winner of the 2016 Pritzker Literature Award, argues in this brilliant and authoritative new book, the legacy of the war to end all wars is with us still. The First World War was a truly global conflict from the start, with many of the most decisive battles fought in or directly affecting the Balkans, Africa, and the Ottoman Empire. Even more than World War II, the First World War continues to shape the politics and international relations of our world, especially in hot spots like the Middle East and the Balkans. Strachan has done a masterful job of reexamining the causes, the major campaigns, and the consequences of the First World War, compressing a lifetime of knowledge into a single definitive volume tailored for the general reader. Written in crisp, compelling prose and enlivened with extraordinarily vivid photographs and detailed maps, *The First World War* re-creates this world-altering conflict both on and off the battlefield: the clash of ideologies between the colonial powers at the center of the war, the social and economic unrest that swept Europe both before and after, the military strategies employed with stunning success and tragic failure in the various theaters of war, the terms of peace and why it didn't last. Drawing on material culled from many countries, Strachan offers a fresh, clear-sighted perspective on how the war not only redrew the map of the world but also set in motion the most dangerous conflicts of today. Deeply learned, powerfully written, and soon to be released with a new introduction that commemorates the hundredth anniversary of the outbreak of the war, *The First World War* remains a landmark of contemporary history.

***The Oxford Illustrated History of the First World War* Hew Strachan, 1998**

***The First World War* Hew Strachan, 2014-02-13** Quite simply the best short history of the war in print, Strachan has emerged as the master of us all who write of war in English. Dennis Showalter: A brilliant and penetrating new history of the

First World War by one of the world's foremost experts on the conflict. Reissued with a new introduction from the author. The popular view of the First World War is dominated by cliché: young British soldiers, many of them budding poets, led to early and ghastly deaths in muddy wastes by incompetent generals for reasons that were seemingly futile. As this magisterial new one-volume history of the war illustrates, however, the cliché is only part of the truth. Hew Strachan argues that the war had become a world war long before the involvement of the United States and that for those liberal countries struggling to defend their freedoms, the war was far from futile. Accessible, compelling and utterly convincing, this is modern history writing at its finest.

Financing the First World War Hew Strachan, 2004. To Arms is Hew Strachan's most complete and definitive study of the opening of the First World War. Now key sections from this magisterial work are published as individual paperbacks, each complete in itself and with a new introduction by the author. The First World War was costly in treasure as well as lives. Before its outbreak, many commentators reckoned that the great powers could not afford to fight or that economic dislocation would bring war to a rapid close. They were wrong. Ways were found to fund the fighting that went beyond conventional devices like taxation or domestic borrowing. Britain managed to raise much of the money which it and its allies needed in the United States, so implicating America in the war long before its formal entry in April 1917. This is the first full history of how the war was financed. It resulted in hyperinflation in the 1920s and in due course in New York's displacement of London as the world's money market. Its effects are still with us today.

The First World War Hew Strachan, 2003-02-06. This is the first truly definitive history of the First World War, the war that has done most to shape the twentieth century. The first generation of its historians had access to only a limited range of sources and their focus was primarily on military events. More recent approaches have embraced cultural, diplomatic, economic and social history. In Hew Strachan's authoritative and readable history, these fresh perspectives are incorporated with the military and strategic narrative. The result is an account that breaks the bounds of national preoccupations to become both global and comparative. To Arms, the first of three volumes in this magisterial study, examines not only the causes of the war and its opening clashes on land and sea but also the ideas that underpinned it and the motivations of the people who supported it. It provides full and pioneering accounts of the war's finances, of the war in Africa and of the Central Powers' bid to widen the war outside Europe.

The British Home Front and the First World War Hew Strachan, 2023-03-02. The First World War required the mobilisation of entire societies regardless of age or gender. The phrase home front was itself a product of the war, with parts of Britain literally a war front coming under enemy attack from the sea and increasingly the air. However, the home front also conveyed the war's impact on almost every aspect of British life, economic, social and domestic. In the fullest account to date, leading historians show how the war blurred the division between what was military and not, and how it made many conscious of their national identities for the first time. They reveal how its impact changed Britain for ever, transforming the monarchy, promoting systematic cabinet government.

and prompting state intervention in a country which prided itself on its liberalism and its support for free trade In many respects we still live with the consequences *The Outbreak of the First World War* Hew Strachan,2004 Professor Strachan brings his trademark clarity of thought and lucid expository style to bear on the long contested ground of the causes of the First World War **The Oxford Illustrated History of the First World War** Hew Strachan,2014-04-24 The First World War now a century ago still shapes the world in which we live and its legacy lives on in poetry in prose in collective memory and political culture By the time the war ended in 1918 millions lay dead Three major empires lay shattered by defeat those of Germany Austria Hungary and the Ottomans A fourth Russia was in the throes of a revolution that helped define the rest of the twentieth century The Oxford History of the First World War brings together in one volume many of the most distinguished historians of the conflict in an account that matches the scale of the events From its causes to its consequences from the Western Front to the Eastern from the strategy of the politicians to the tactics of the generals they chart the course of the war and assess its profound political and human consequences Chapters on economic mobilization the impact on women the role of propaganda and the rise of socialism establish the wider context of the fighting at sea and in the air and which ranged on land from the trenches of Flanders to the mountains of the Balkans and the deserts of the Middle East First published for the 90th anniversary of the 1918 Armistice this highly illustrated revised edition contains significant new material to mark the 100th anniversary of the war s outbreak [The First World War in Africa](#) Hew Strachan,2004-10-14 To Arms is Hew Strachan s most complete and definitive study of the opening of the First World War Now key sections from this magisterial work are published as individual paperbacks each complete in itself and with a new introduction by the author The First World War was not just fought in the trenches of the western front It embraced all of Africa Many of those who fought this white man s war were black The dangers they confronted went beyond those of the battlefield They fell prey to malaria and dysentery and they were attacked by lions and crocodiles But it was a vast and spectacular theatre of operations in which great personalities thrusting German officers like Paul von Lettow Vorbeck or big game hunters like Peter Pretorius could impose themselves Embracing the perspectives of all the nations who fought there this is the first ever full account of the Great War in Africa **Colonial Captivity during the First World War** Mahon Murphy,2018 This new analysis of internment outside Europe helps us to understand the First World War as a truly global conflict **The Nature of War** Hew Strachan,2011-09-01 *Summary of Hew Strachan's The First World War* Everest Media,2022-05-24T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The weekend of 12 14 June 1914 was a busy one at Konopischt the hunting lodge and favorite home of Archduke Franz Ferdinand Here he could indulge his passion for field sports and escape the stultifying conventions of the Habsburg court in Vienna 2 The Concert of Europe was an order that was established in 1815 to prevent major war on the continent for a century But in 1914 Austria Hungary had lost faith in it and it was not extended to the Balkans 3 The situation in the Balkans was as much a

matter of domestic politics for Austria Hungary as it was of foreign policy The empire consisted of eleven different nationalities and many of them had ethnic links to independent states that lay beyond its frontiers 4 The discussions between Franz Ferdinand and Wilhelm at Konopischt did not just concern foreign policy The Kaiser was inclined to take a less jaundiced view of the Magyars and he had met their prime minister István Tisza in March They agreed that a fresh initiative in the Balkans was needed to create an alliance favorable to Austria Hungary

Indian Soldiers in the First World War

Ashutosh Kumar, Claude Markovits, 2020-12-23 This book explores the lives and social histories of Indian soldiers who fought in the First World War It focuses on their motivations experiences and lives after returning from service in Europe Mesopotamia East Africa and Palestine to present a more complete picture of Indian participation in the war The book looks at the Indian support to the war for political concessions from the British government and its repercussions through the perspective of the role played by more than one million Indian soldiers and labourers It examines the social and cultural aspects of the experience of fighting on foreign soil in a deadly battle and their contributions which remain largely unrecognised From micro histories of fighting soldiers aspects of recruitment and deployment to macro histories connecting different aspects of the War the volume explores a variety of themes including the material incentives coercion and training which converted peasants into combatants encounters of travelling Indian soldiers with other societies and the contributions of returned soldiers in Indian society The book will be useful to researchers and students of history post colonial studies sociology literature and cultural studies as well as for those interested in military history World War I and colonial history

The Oxford History of the First World War Hew Strachan, 2023 A team of some of the world's most distinguished First World War historians chart the causes course and profound political and human consequences of a conflict that changed the world

The Palgrave Handbook of African Colonial and Postcolonial History Martin S. Shanguhya, Toyin Falola, 2018-01-28 This wide ranging volume presents the most complete appraisal of modern African history to date It assembles dozens of new and established scholars to tackle the questions and subjects that define the field ranging from the economy the two world wars nationalism decolonization and postcolonial politics to religion development sexuality and the African youth experience Contributors are drawn from numerous fields in African studies including art music literature education and anthropology The themes they cover illustrate the depth of modern African history and the diversity and originality of lenses available for examining it Older themes in the field have been treated to an engaging re assessment while new and emerging themes are situated as the book's core strength The result is a comprehensive vital picture of where the field of modern African history stands today

Clausewitz's On War Hew Strachan, 2007 Clausewitz's *On War* is a timely and fascinating answer to these problems Hew Strachan one of the world's foremost military historians tells how and why *On War* was written explains what Clausewitz meant and offers insight into the impact it made on conflict and its continued significance in our world today

Jacket *The German Way of War* Robert Michael Citino, 2005 For Frederick the Great the prescription for warfare was

simple kurz und vives short and lively wars that relied upon swift powerful and decisive military operations Robert Citino takes us on a dramatic march through Prussian and German military history to show how that primal theme played out time and time again Citino focuses on operational warfare to demonstrate continuity in German military campaigns from the time of Elector Frederick Wilhelm and his great sleigh drive against the Swedes to the age of Adolf Hitler and the blitzkrieg to the gates of Moscow Along the way he underscores the role played by the Prussian army in elevating a small vulnerable state to the ranks of the European powers describes how nineteenth century victories over Austria and France made the German army the most respected in Europe and reviews the lessons learned from the trenches of World War I The First World War William Kelleher Storey,2009-10-15 In a compact but comprehensive and clear narrative this book explores the First World War from a genuinely global perspective Putting a human face on the war William Kelleher Storey brings to life individual decisions and experiences as well as environmental and technological factors such as food geography manpower and weapons Without neglecting traditional themes the author s deft interweaving of the role of environment and technology enriches our understanding of the social political and military history of the war not only in Europe but throughout the world
