The Fix Soccer And Organized Crime Declan Hill:

The Fix Declan Hill, 2008 In this book the author explains the structure and mechanics of illegal gambling syndicates what soccer players and referees do or not do to affect the outcome of their games why relatively rich and high status athletes would fix games how and why club officials would bribe the opposition and how they get referees on their side It presents evidence that some of the highest soccer matches in the world may have been fixed European Champions League Olympic and World Cup tournaments The book however is not just about soccer throughout the text the author uses examples from other sports like tennis hockey even rowing to show that the credibility of professional sport now lies on a fragile foundation

MATCH FIXING Daniela Giuffrè, Antonio Scuglia, Pina Grody, 2019-10-23 978 88 3324 087 9 Passi di MATCH FIXING iBooks Who is behind match fixing How is it done and to which aim In 2015 we wrote for Minerva Edizioni Game Over a report targeted at practitioners and more specifically at investigators Since we did not want the book to be too ponderous we provided a succinct description of a few topics that might have been interesting reading material even to non professionals These topics are dealt in depth in this volume the history of match fixing odd anecdotes and current state of affairs the profile of its main characters and the explanation of the mechanisms and complex motives behind the swindle as well as the role played by the mafia You will not find any footnote instead the bibliography at the end of the book will provide you with book references as well as internet links all relevant and interesting although some of them in our opinion are a must for those who really wish to acquire a deep knowledge of the topic This is why we highly recommend them to you

The Fix by Declan Hill 2007 is a comprehensive book on the birth of modern match fixing and its close ties to the mafia In 2014 Brett Forrest published **The Big Fix** where he recounts the never ending fight between law enforcement and match fixers But the real masterpieces on the subject are a book and a very long judicial document The book is the autobiography of one of the most notorious match fixers in the world Wilson Raj Perumal Kelong **Kings** written by two Italian scholars Alessandro Righi and Emanuele Piano The judicial document is the ordinance issued by Cremona judge Guido Salvini in the maxi investigation on Scommessopoli that took place a few years ago no doubt a less casual reading yet dramatically concrete hundreds of pages packed with wiretaps explanatory notes of criminal mechanisms and charges that brought to its knees at least for a while match fixing in the Italian peninsula The only sources that we left in complete anonymity are those players who over time have become our friends they described to us the insider's point of view the existing dynamics in the dressing rooms the problems and weaknesses of the athletes themselves the ongoing match fixing techniques At the beginning of this long journey we took their stories with a grain of salt perceiving them as the fruit of their imagination but this is not the case anymore In reality football is not the only sport nor was it the first where match fixing took place actually in recent years other sport disciplines were targeted by match fixers In this book we only hint at the story and trends of the swindle outside of football pitches and yet it is in the world of football that the mafia invests massively its own resources and where match

fixing is not the sole objective of this criminal enterprise One last remark this is not a diatribe of a book and where it was possible to report an event without mentioning the name of players who were disqualified or investigated we did so the only difference between them and many others just as guilty as they were lies in the simple fact that they got caught **The Insider's Guide to Match-fixing in Football** Declan Hill,2013 A WAVE OF MATCH FIXING THREATENS THE WORLD'S MOST POPULAR SPORT There are dozens of national police investigations hundreds of matches from top international games to the Champions League to youth teams have been fixed and over one thousand players coaches and referees have been arrested This new form of sports corruption will destroy football unless we fight it TO FIGHT IT WE HAVE TO UNDERSTAND IT The Insider's Guide to Match Fixing in Football is an analysis of the motivations the mechanisms and the methods within this modern form of fixing Hill was the first person to break the story of the new form of football fixing when he infiltrated an Asian match fixing gang in The Fix now he returns with a book that is Freakonomics meets Football Corruption Only Declan Hill could write a book with this level of academic rigor and foundation of investigative journalism I expect Dr Hill's new book to be the seminal work in the sports corruption space and I have adopted it for use in my PhD seminar on forensic sports law analytics Ryan M Rodenberg JD PhD Florida State University Declan Hill has broken new ground academically imparting much needed order and clarity to the murky world of global match fixing This is an important book for anyone who cares about the integrity of sport and it's an indispensable book for those involved in sports analytics Marc Carinci Managing Director Sports Gambling Data Services Tenacious factual and with an unrivalled understanding of the current threat being posed to the integrity of sport Declan Hill consistently challenges those who stand idly by Senator Cecilia Keaveney Former Head of the Council of Europe's Task Force on Match Fixing Declan Hill's new book is an absolute must read for every thinking fan of the beautiful game on the planet Being part of Declan's team preparing the book I know how much effort and research Declan invested in it Declan's passion for our game professional courage and expertise pours from every page Steven Powell Director of Policy Football Supporters Federation A new book from one of the best investigative writers on the subject of match and spot fixing in football The challenge to the integrity of sport from sporting fraud is growing exponentially This new book documents that cancerous expansion The author is a renowned expert who focuses on football with the precision of a laser beam A must read Professor Richard McLaren Faculty of Law University of Western Ontario London Canada The Insider's Guide to Match Fixing in Football is an education for scholars and students of organized crime and a wake up call for sports administrators Rigorously researched but accessibly written this book makes sense of match fixing in straightforward rational terms Such confirms Declan Hill as both master storyteller and global authority on the corruption threatening the beautiful game Not to be missed James A Densley PhD author of How Gangs Work An Ethnography of Youth Violence [The Global Investigative Journalism Casebook](#) Mark Hunter,2012 **Soccer Against the Enemy** Simon Kuper,2010-04-27 Soccer is much more than just the most popular game in the world It is a

matter of life and death for millions around the world an international lingua franca Simon Kuper traveled to twenty two countries to discover the sometimes bizarre effect soccer can have on politics and culture At the same time he tried to discover what makes different countries play a simple game so differently Kuper meets a remarkable variety of fans along the way from the East Berliner persecuted by the Stasi for supporting his local team to the Argentine general with his own views on tactics He also illuminates the frightening intersection between soccer and politics particularly in the wake of the attacks of 9 11 where soccer is obsessed over by the likes of Osama bin Laden The result is one of the world s most acclaimed books on the game and an astonishing study of soccer and its place in the world **Larceny Games** Brian Tuohy,2013-08-16

Major League Baseball claims it hasn t had a game fixed by gamblers since 1919 No points have been shaved in the NBA since 1954 And the NFL states no game of theirs has come under outside influence ever These however are lies The proof resides in FBI files only recently uncovered and discussed in Larceny Games **A Research Agenda for Global Crime** Tim Hall,Vincenzo Scalia,2019 This multidisciplinary collection of essays by leading international scholars explores many pressing issues related to global crime The book opens with essays that look across this diverse terrain and then moves on to consider specific areas including organised crime cyber crime war crimes terrorism state and private violence riots and political protest prisons sport and crime and counterfeit goods The book emphasises the centrality of crime to the contemporary global world and mobilises diverse disciplinary positions to help understand and address this **Unmasked** Laurence Cockcroft,Anne-Christine Wegener,2016-11-30 How corrupt is the West Europe and North America s formal self perception is one of high standards in public life And yet corruption is receiving ever greater attention in the European American and Canadian press with high profile cases affecting both the corporate and political worlds This book identifies the driving forces behind such cases particularly the role of political finance lobbying the banking system and organised crime It analyses the sectors which are particularly prone to corruption including sport defence and pharmaceuticals In the course of their investigation the authors consider why anti corruption legislation has not been more effective and why there is an increasing discrepancy between regulation and commercial and cultural practice Are Europe and the US genuinely serious about fighting corruption and if so what measures will be taken to roll it back Symposium ,2008 **Quill & Quire** ,2008
