The Heart And Fist Education Of A Humanitarian Making Navy Seal Eric Greitens:

The Heart and the Fist Eric Greitens, 2011-03-18 THE HEART AND THE FIST shares one man's story of extraordinary leadership and service as both a humanitarian and a warrior. In a life lived at the raw edges of the human experience, Greitens has seen what can be accomplished when compassion and courage come together in meaningful service. As a Rhodes Scholar and Navy SEAL, Greitens worked alongside volunteers who taught art to street children in Bolivia and led US Marines who hunted terrorists in Iraq. He's learned from nuns who fed the destitute in one of Mother Teresa's homes for the dying in India, from aid workers who healed orphaned children in Rwanda, and from Navy SEALs who fought in Afghanistan. He excelled at the hardest military training in the world and today he works with severely wounded and disabled veterans who are rebuilding their lives as community leaders at home. Greitens offers each of us a new way of thinking about living a meaningful life. We learn that to win any war, even those we wage against ourselves to create and obtain lasting peace, to save a life, and even simply to live with purpose, requires us every one of us to be both good and strong.

Leading the Life You Want Stewart Friedman, 2014-09-16 A Wall Street Journal Bestseller. For nearly thirty years, my life's work has been to help people like you find ways to bring the often warring aspects of life into greater harmony. Stew Friedman from *Leading the Life You Want*. You're busy trying to lead a full life. But does it really feel full, or are you stretched too thin? Enter Stew Friedman, Wharton professor, adviser to leaders across the globe, and passionate advocate of replacing the misguided metaphor of work-life balance with something more realistic and sustainable. If you're seeking balance, you'll never achieve it, argues Friedman. The idea that work competes with life ignores the more nuanced reality of our humanity: the interaction of four domains—work, home, community, and the private self. The goal is to create harmony among them instead of thinking only in terms of trade-offs. It can be done. Building on his national bestseller *Total Leadership* and on decades of research, teaching, and practice as both consultant and senior executive, Friedman identifies the critical skills for integrating work and the rest of life. He illustrates them through compelling original stories of these remarkable people: former Bain Company CEO and Bridgespan co-founder Tom Tierney, Facebook COO and bestselling author Sheryl Sandberg, nonprofit leader and US Navy SEAL Eric Greitens, US First Lady Michelle Obama, soccer champion turned broadcaster Julie Foudy, renowned artist Bruce Springsteen. Each of these admirable, though surely imperfect, people exemplifies a set of skills for being real, being whole, and being innovative that produce a sense of purpose, coherence, and optimism. Based on interviews and research, their stories paint a vivid picture of how six very different leaders use these skills to act with authenticity, integrity, and creativity, and they prove that significant public success is accomplished not at the expense of the rest of life but as the result of meaningful engagement in all its parts. With dozens of practical exercises for strengthening these skills, curated from the latest research in organizational psychology and related fields, this book will inspire you, inform you, and instruct you on how to take realistic steps now toward leading the life you truly want.
