The Men who Ruled India Philip Mason, 1985-01-01      *The Men who Ruled India: The founders of modern India* Philip Mason, 1954      Men Who Rule India Philip Mason, 1998-03 The man who ruled India is a masterly distillation of Philip Mason's two classics *The Founders* and *The Guardians* which were written soon after British withdrawal from the sub continent when the sight and sound and smells of an area the size of Europe were still fresh in memory      Delusions and Discoveries Benita Parry, Michael Sprinker, 1998 No cultural phenomenon of the 1970s and 1980s in Britain was more curious than the Raj revival with its slew of films and fictions its rage for memorabilia of imperial rule in India and its strange nostalgia for a time and a world long since past Today with the arrival of so called postcolonial studies that revival lives on in a strange afterlife of critical study Writing some years before Raj nostalgia became all the rage and out of the rather different political and intellectual climate of 1960s national liberation struggles Benita Parry produced what remains one of the landmark studies of British attitudes towards India Available for the first time in *Paper Delusions and Discoveries* authoritatively surveys the mix of racist and jingoistic prejudices that dominated the writings of Anglo Indians from Flora Annie Steele and Maud Diver to Kipling and beyond The book also includes treatments of more liberal thinkers like Edmund Candler Edward James Thompson and E M Forster as well as a new preface by the author situating her work in relation to recent studies of the culture of colony and empire      *The Ruling Caste* David Gilmour, 2007-06-12 A sparkling provocative history of the English in South Asia during Queen Victoria's reign Between 1837 and 1901 less than 100 000 Britons at any one time managed an empire of 300 million people spread over the vast area that now includes India Pakistan Bangladesh and Burma How was this possible and what were these people like The British administration in India took pride in its efficiency and broad mindedness its devotion to duty and its sense of imperial grandeur but it has become fashionable to deprecate it for its arrogance and ignorance In this balanced witty and multi faceted history David Gilmour goes far to explain the paradoxes of the Anglo Indians showing us what they hoped to achieve and what sort of society they thought they were helping to build *The Ruling Caste* principally concerns the officers of the legendary India Civil Service each of whom to perform as magistrate settlement officer sanitation inspector public health officer and more for the million or so people in his charge Gilmour extends his study to every level of the administration and to the officers women and children so often ignored in previous works *The Ruling Caste* is the best book yet on the real trials and triumphs of an imperial ruling class on the dangerous temptations that an empire's power encourages on relations between governor and governed between European and Asian No one interested in politics and social history can afford to miss this book      The Mesopotamia Mess (Paperback) Jack Bernstein, 2008 The British invaded Mesopotamia now called Iraq in 1914 to protect their oil interests and they remained until 1958 Following are some quotes from the book The British cobbled three disparate vilayets Basra Baghdad and Mosul together to take full advantage of Iraq's strategic and economic potential To ensure this contrived nation remained intact and

continued to do its bidding the British installed a ruler they could influence formulated a national level governmental structure to ensure its dominance and established a security apparatus dependent on its support Mesopotamia is inhabited solely by Arab tribes and the Arabs are all Mohammedans The Mohammedans of the world are divided into two main sects by irreconcilable differences of religious opinion sects which in Mesopotamia have indulged in innumerable fearful contests for supremacy all of which have tended to sink the country further and further into moral ruin and material exhaustion Parliament seriously discussed evacuating Iraq and Sir Percy Cox High Commissioner in Iraq argued that British policy in Iraq was working would bear dividends great enough to justify its continuance and that if prematurely curtailed the result would be disastrous He also stated that a withdrawal would lead inevitably to anarchy The very first British action upon entering Basra was to establish public order in the city Looters had sacked the city British and Indian military police were patrolling the streets within hours of the British entry into Basra General Nixon stated that the troops he had with him were sufficient to enable him to inflict decisive defeat upon the Turks and to seize Baghdad but that in order to hold the city he would require reinforcements Ultimately Asquith's government failed to provide its forces in Iraq with the strategic guidance manpower and material means to achieve victory

Cain,A. G. Hopkins,2014-01-14 A milestone in the understanding of British history and imperialism and truly global in its reach this magisterial account received numerous accolades from reviewers in its first edition The first to coin the phrase gentlemanly capitalism Cain and Hopkins make the strong and provocative argument that it is impossible to understand the nature and evolution of British imperialism without taking account of the peculiarities of her economic development In particular the growth of the financial sector and above all the City of London played a crucial role in shaping the course of British history and Britain s relations overseas Now with a substantive new introduction and a conclusion the scope of the original account has been widened to include an innovative discussion of globalization **Civilian Control of the Military** Claude E. Welch Jr.,1976-06-30 **Changing India** Robert W. Stern,2003-02-26 The revised edition of Robert Stern s book brings India s story up to date Since its original publication in 1993 much has altered and yet central to the author s argument remains his belief in the remarkable continuity and vitality of India s social systems and its resilience in the face of change This is a colourful readable and comprehensive introduction to modern India In a journey through its family households and villages the author explains its long lived and little understood caste and class systems its venerable faiths and extraordinary ethnic diversity its history as the jewel in the crown of British imperialism and its post Independence career as a major agricultural and industrial nation While paradoxes abound in an India which is constantly transforming Stern demonstrates how and why it remains the largest and most enduring democracy in the developing world **The Oxford History of the British Empire: The nineteenth century** William Roger Louis,Andrew N. Porter,Alaine M. Low,1999 To China and Latin America often regarded as central components of a British informal empire **Liberal Education, Civic Education, and the Canadian Regime** David W. Livingstone,2015-09-25 Reflections on the education some early Canadians thought necessary for citizenship and contemporary threats to that education *Echoes of Aspirations - Jnu To Ias : Love, Dream & The Mussoorie Odyssey* Asif Jalal,2023-08-24 Embark on an inspirational journey to civil services with Echoes of Aspirations JNU To IAS where the love for learning dreams and the challenges of Mussoorie unfold A 19 year old young man comes to the capital of India from a violence ravaged district of Bihar thinking that in Delhi the rules of the game will be different climbing up will be easy opportunities will be too many and the journey will be exciting and pleasant He aimed high and thought there was nothing that he could not achieve It was just a matter of time before success and medals would be at his feet As he steps into the capital he realises that the path is tough He thinks hard work studying and courage are enough to take on the world Constant efforts to improve oneself and hunger for recognition will change everything in his life It would get him money status fame and everything that he aspired for But he has no resources no precedent no money in his pocket average talent a sick body and alluring distractions Difficulties failures deprivation and

despair weaken the flame of his ambition However he stands in the arena and continues with his efforts He extracts maximum return from every passing moment enriches himself with the best books decodes the secrets of success and finally one day he wins The character Hameed Akhtar gives an account of this difficult and painful journey in the first person

*Jinnah, Pakistan and Islamic Identity* Akbar Ahmed, 2005-08-12 Every generation needs to reinterpret its great men of the past Akbar Ahmed by revealing Jinnah's human face alongside his heroic achievement both makes this statesman accessible to the current age and renders his greatness even clearer than before Four men shaped the end of British rule in India Nehru Gandhi Mountbatten and Jinnah We know a great deal about the first three but Mohammed Ali Jinnah the founder of Pakistan has mostly either been ignored or in the case of Richard Attenborough's hugely successful film about Gandhi portrayed as a cold megalomaniac bent on the bloody partition of India Akbar Ahmed's major study redresses the balance Drawing on history semiotics and cultural anthropology as well as more conventional biographical techniques Akbar S Ahmad presents a rounded picture of the man and shows his relevance as contemporary Islam debates alternative forms of political leadership in a world dominated at least in the Western media by figures like Colonel Gadaffi and Saddam Hussein *Imperial Co-histories* Julie F. Codell, 2003 This book explores the creation of imperial identities in Britain and several of its colonies South Africa India Australia Wales and the ways in which the Victorian press around the world shaped and reflected these identities The concept of co histories borrowed from Edward Said and Frantz Fanon helps explain how the press shaped the imperial and national identities of Britain and of the colonies into co histories that were thoroughly intertwined and symbiotic Exploring a variety of press media this book argues that the press was a site of resistance and revision by colonized authors and publishers as well as a force of colonial authority for the British government editors and publishers who projected a view of the empire to their British colonial and colonized readers Topics include The Journal of Indian Art and Industry produced by the British art schools in India women's periodicals Indian writers in the British press The Imperial Gazetteer published in Scotland the rise of telegraphic news agencies the British press's images of China seen through exhibitions of its art the Tory periodical Blackwood's Magazine and the Imperial Press Conference of 1909 University
