Halliday Language Context And Text:

Language, Context, and Text Michael Alexander Kirkwood Halliday, Ruqaiya Hasan, 1985 *Language, Context, and Text* Michael Alexander Kirkwood Halliday, Ruqaiya Hasan, 1991 This study deals with the linguistic study of texts as a way of understanding how language functions in its immensely varied range of social contexts The authors adopt a functional approach to language in which the different registers or functional varieties of a language are explained by reference to the different contexts in which they occur Their analysis reveals how on the one hand each text is unique while on the other the way a text is organized and the kinds of coherence it displays are closely related to the place and the value that it has in its social and cultural environment Language, Context, and Text Michael Alexander Kirkwood Halliday, Ruqaiya Hasan, 1985

Language, Context and Text Michael Alexander Kirkwood Halliday, 1985 **International Handbook of English Language Teaching** Jim Cummins, Chris Davison, 2007-12-31 This two volume handbook provides a comprehensive examination of policy practice research and theory related to English language teaching ELT in international contexts Nearly 70 chapters highlight the research foundation for the best practices frameworks for policy decisions and areas of consensus and controversy in the teaching and development of English as a second and or additional language for kindergarten through to adult speakers of languages other than English In doing so it problematizes traditional dichotomies and challenges the very terms that provide the traditional foundations of the field A wide range of terms has been used to refer to the key players involved in the teaching and learning of the English language and to the enterprise of English language teaching as a whole At various times and in different contexts the following labels have been used in countries where English is the dominant language to describe programs learners or teachers of English English as a second language ESL English as an additional language EAL limited English proficient LEP and English language learners ELL In contexts where English is not the dominant language the following terms have been used English as a foreign language EFL English as an international language EIL and English as a lingua franca ELF Linguistic Studies of Text and Discourse M.A.K. Halliday, 2006-01-24 The papers in this volume focus on the application of systemic functional grammar to the analysis of texts both highly valued and everyday both written and spoken The texts are studied in terms of the linguistic resources that contribute to the realization of its meaning potential *Discourse Analysis and the Greek New Testament* Stanley E. Porter, Matthew Brook O'Donnell, 2023-12-28 This volume examines and outlines a Systemic Functional Linguistic SFL model of discourse analysis and its relationship to New Testament Greek The book reflects upon how SFL has grown as a field since it was first introduced to New Testament Greek studies by Stanley E Porter in the 1980s Porter and Matthew Brook O'Donnell first introduce basic concepts regarding discourse analysis and the major approaches towards it within New Testament studies They then provide a detailed exploration of discourse analysis in terms of the textual metafunction beginning with an introduction to the architecture of language within SFL before exploring several individual elements within it By focusing

upon these individual components in particular theme and information structure markedness and prominence and coherence and cohesive harmony Porter and O'Donnell introduce and exemplify the major resources of the textual metafunction

Register Variation in the New Testament Petrine Texts Chiaen Liu, 2022-02-07 This book examines the nature of the early church from a Petrine perspective employing an analysis of register to implement a more synthetic study of relevant texts in the New Testament Liu utilises a type of discourse analysis that provides a framework for classifying grammatical and lexical information so that the reader can better understand the social function of not only Peter's speeches in Acts but also the two epistles attributed to him Liu's original and detailed study looks at the content and structure of the texts to enhance our understanding of the early church with particular attention paid to the dichotomy between Petrine and Pauline Christianity and their competing pictures of Christian origins This book will interest all scholars and students who wish to extend their understanding of both the historical and literary Peter

The Epistle of James James D. Dvorak, Zachary K. Dawson, 2019-07-25 The Epistle of James is a collection of essays that applies to the book of James linguistic methods of analysis that are based on the same theoretical framework namely Systemic Functional Linguistics This volume is unique in that it provides a theoretically consistent and unified approach to a single New Testament book which makes the whole volume useful for researchers and students of James Each essay makes its own creative use of this linguistic perspective to engage important critical questions and to pave new ground for Jacobean scholarship based on linguistic analysis Various topics in this volume include the textual structure and cohesion of the letter intertextuality rhetorical strategies ideological struggle interpersonal relations and other topics related to the letter's social context and language use
