Fritze,2009-05-15 This incredible exploration of the murky world of pseudo history reveals the mix of proven facts informed speculation and pure fiction behind lost continents ancient super civilizations and conspiratorial cover ups as well as the revisionist historical foundations of religions such as the Nation of Islam and the Church of Jesus Christ of Latter day Saints Drawing on the best scholarship available Ronald H Fritze shows that in spite of strong mainstream historical evidence to the contrary many of these ideas have proved durable and gained widespread acceptance As the examples in Invented Knowledge reveal pseudo historians capitalize on and exploit anomalies in evidence to support their claims rather than examining the preponderance of research as a whole Twilight of the Gods Erich von Däniken,2025-09-12 Bestselling author Erich von Däniken delves into the mysteries of the Mayan civilization and when the extraterrestrial will return Includes a Foreword by Giorgio Tsoukalos High up in the Bolivian Andes 4 000 meters above sea level lies Puma punku an ancient ruined city that simply could never have been constructed by its Stone Age inhabitants Something here really stinks to high heaven writes Erich von Daniken In Twilight of the Gods says von Daniken I document precisely what it was that left the first visitors breathless as they stood before the mighty stone blocks some 400 years ago I will show you what archeologists discovered hundreds of years ago and demonstrate how much has been destroyed over the centuries Intentionally I will also prove that Puma punku was not built by any Stone Age people And in December 2012 the gods will return from their long journey and appear again here on Earth At least that is what the Mayan calendar would have us believe The so called gods the extraterrestrials will come again We're headed for a god shock of major proportions But doesn't anyone with half a brain know that interstellar travel is simply impossible because of the sheer distances involved And that extraterrestrials would never look like us Well dear readers I destroy these preconceptions Systematically One bit at a time In his own inimitable way Erich von Daniken picks these preconceptions and prejudices apart with a clarity no other author could manage Atlantis and Other Lost Worlds Frank Joseph,2017-12-13 Atlantis and Other Lost Worlds is the most up to

date and comprehensive investigation of history's infamous sunken city. Nowhere else will you find a more dramatic and convincing presentation of the evidence for its archaeological reality. The book uncovers the scientific genius of the ancients and the spiritual power of their mysterious religion. They are revealed as the inventors of a crystal technology to surpass our own and the master builders of pyramidal monuments around the world. The cultural heritage of Atlantis in the civilizations of pharaonic Egypt, Bronze Age Europe, Maya, Mexico, and Inca Peru is clearly described. The doomed capital comes alive in a vivid recreation of its heyday of cultural splendour and imperial might. Inside these pages you will find the answers to many intriguing questions including: What is the most likely location of Atlantis? How and when was Atlantis destroyed? Has Japan's leading geologist found the sunken citadel of Lemuria? Have Russian oceanographers found the ruins of Atlantis? What are the disturbing parallels between Atlantis and our time? Featuring wonderful illustrations, **Atlantis and Other Lost Worlds** opens a new window on the ancient past, offering views of Atlantis and its kindred civilizations never seen before. **Hidden History**
