Letters from the Hittite Kingdom Harry A. Hoffner, 2009 *Royal Hittite Instructions and Related Administrative Texts* Jared L. Miller, 2013-10-17 Few compositions provide as much insight into the structure of the Hittite state and the nature of Hittite society as the so called Instructions While these texts may strike the modern reader as didactic the Hittites who categorized them together with state treaties understood them as contracts or obligations consisting of the king's instructions to officials such as priests and temple personnel mayors military officers border garrison commanders and palace servants They detail how and in what spirit the officials are to carry out their duties and what consequences they are to suffer for failure Also included are several examples of closely related oath impositions and oaths Collecting for the first time the entire corpus of Hittite Instructions this accessible volume presents these works in transliteration of the original texts and translation with clear and readable introductory essays references to primary and secondary sources and thorough indices **Officials and Administration in the Hittite World** Tayfun Bilgin, 2018-12-03 There are few studies that deal with an overall treatment of the Hittite administrative system and various other works on its offices and officials have tended to be limited in scope focusing only on certain groups or certain time periods This book provides a comprehensive investigation of the administrative organization of the Hittite state throughout its history ca 1650-1180 BCE with particular emphasis on the state offices and their officials Bringing together previous works and updating with data recovered in recent years the study presents a detailed survey of the high offices of the state a prosopographical study of about 140 high officials and a theoretical analysis of the Hittite administration in respect to factors such as hierarchy kinship and diachronical

changes **A History of Ancient Near Eastern Law (2 vols)** Raymond Westbrook, 2003-08-01 The first comprehensive survey of the world's oldest known legal systems this collaborative work of twenty-two scholars covers over 3 000 years of legal history of the Ancient Near East Each of the book's chapters represents a review of the law of a particular period and region e.g the Egyptian Old Kingdom by a specialist in that area Within each chapter the material is organized under standardized legal categories e.g constitutional law family law that make for easy cross referencing The chapters are arranged chronologically by millennium and within each millennium by the three major politico cultural spheres of the region Egypt Mesopotamia and Anatolia and the Levant An introduction by the editor discusses the general character of Ancient Near Eastern Law **Royal Women at Ugarit** Christine Neal Thomas, 2024-09-27 This volume challenges patrimonialism as a political model for the ancient Near East by engaging with letters and legal texts concerning royal women at Late Bronze Age Ugarit demonstrating women's pivotal roles in the exercise of power and then bringing these insights to bear on the Hebrew Bible The book offers a new vision of how women figure in ancient political systems Through an analysis of royal letters legal verdicts and regional records it examines overt claims and implicit anxieties concerning the pivotal roles of royal women Three case studies from Late Bronze Age Ugarit reveal that a single woman functioning in a range of modalities mother daughter sister and wife brokered a network of relationships among a range of men Patrimonialism depended on the political polyvalence of women Texts from Ugarit attest to this reality and the biblical royal women of the House of David amplify its significance This analysis of women's activity within and among royal households is productive not only for the study of the Late Bronze Age Levant but also as a model for analogous inquiries into ancient societies and other systems in which data are thin and patrimonialism widely in evidence *Royal Women at Ugarit* is suitable for students and scholars working on women and gender in the ancient Near East as well as those interested in the political realm of the Late Bronze Age and the intersections of biblical literature with other ancient texts *The Hittites* Damien Stone, 2023-04-19 An accessible introduction to the Bronze Age culture in Asia Minor Famed for their warriors the Hittites flourished in the region of modern Turkey from the seventeenth to thirteenth centuries BC In this book archaeologist Damien Stone explores the rich history of the Hittite civilization beyond their skill in battle from religious reverence for the sun and storms to eclectic rock carvings which survive to this day Stone describes the colorful succession of Hittite rulers complete with assassinations intrigue and an evil stepmother but he also parses the development of the Hittite language and considers the Hittites' legacy in religion art and culture today In short *The Hittites* is a wide ranging accessible introduction to this vibrant ancient culture **The Laws of the Hittites** Harry A. Hoffner Jr., 2023-08-14 The first critical edition of the Hittite laws since 1959 containing much new textual material Presents manuscripts in the score format distinguishing Old Hittite from later copies and based upon a fresh collation of the original tablets The commentary examines the linguistic jurisprudential and cultural aspects of the laws against the background of the entire Hittite textual corpus archaeological data and other Ancient Near

Eastern law corpora In addition the volume contains a concordance of the manuscripts an analysis of the palaeographic and linguistic criteria used in dating the manuscripts a glossary of words occurring in the laws identifying both law number and manuscript where each occurrence is found indexes of Hittite Sumerian and Akkadian words of ancient texts cited and of topics mentioned Photographic plates of Old Hittite copies are also included *A History of Hittite Literacy* Theo van den Hout, 2021-01-07 The first comprehensive overview of the development of literacy script usage and literature in Hittite Anatolia 1650 1200 BC Text and Intertext in Greek Epic and Drama Jonathan J. Hoffmeier, 2005-10-06 In his pathbreaking *Israel in Egypt* James K Hoffmeier sought to refute the claims of scholars who doubt the historical accuracy of the biblical account of the Israelite sojourn in Egypt Analyzing a wealth of textual archaeological and geographical evidence he put forth a thorough defense of the biblical tradition Hoffmeier now turns his attention to the Wilderness narratives of Exodus Leviticus and Numbers As director of the North Sinai Archaeological Project Hoffmeier has led several excavations that have uncovered important new evidence supporting the Wilderness narratives including a major New Kingdom fort at Tell el Borg that was occupied during the Israelite exodus Hoffmeier employs these archaeological findings to shed new light on the route of the exodus from Egypt He also investigates the location of Mount Sinai and offers a rebuttal to those who have sought to locate it in northern Arabia and not in the Sinai peninsula as traditionally thought Hoffmeier addresses how and when the Israelites could have lived in Sinai as well as whether it would have been possible for Moses to write down the law received at Mount Sinai Building on the new evidence for the Israelite sojourn in Egypt Hoffmeier explores the Egyptian influence on the Wilderness tradition For example he finds Egyptian elements in Israelite religious practices including the use of the tabernacle and points to a significant number of Egyptian personal names among the generation of the exodus The origin of Israel is a subject of much debate and the wilderness tradition has been marginalized by those who challenge its credibility In *Ancient Israel in Sinai* Hoffmeier brings the Wilderness tradition to the forefront and makes a case for its authenticity based on solid evidence and intelligent analysis

Created Equal Joshua Berman, 2011-08-12 In Created Equal Joshua Berman engages the text of the Hebrew Bible from a novel perspective considering it as a document of social and political thought He proposes that the Pentateuch can be read as the earliest prescription on record for the establishment of an egalitarian polity What emerges is the blueprint for a society that would stand in stark contrast to the surrounding cultures of the ancient Near East Egypt Mesopotamia Ugarit and the Hittite Empire in which the hierarchical structure of the polity was centered on the figure of the king and his retinue Berman shows that an egalitarian ideal is articulated in comprehensive fashion in the Pentateuch and is expressed in its theology politics economics use of technologies of communication and in its narrative literature Throughout he invokes parallels from the modern period as heuristic devices to illuminate ancient developments Thus for example the constitutional principles in the Book of Deuteronomy are examined in the light of those espoused by Montesquieu and the rise of the novel in 18th century England serves to illuminate the advent of new modes of storytelling in biblical narrative **Religions of the Ancient World** Sarah Iles Johnston, 2004-11-30 This groundbreaking first basic reference work on ancient religious beliefs collects and organizes available information on ten ancient cultures and traditions including Greece Rome and Mesopotamia and offers an expansive comparative perspective on each one **The Kingdom of the Hittites** Trevor Bryce, 2005-10-28 In the 14th century BC the Hittites became the supreme political and military power in the Near East How did they achieve their supremacy How successful were they in maintaining it What brought about their collapse and disappearance This comprehensive history of the Hittite kingdom seeks to answer these questions It takes account of important recent advances in Hittite scholarship including some major archaeological discoveries made in the last few years It also features numerous translations from the original texts so that on many issues the ancient Hittites are given the opportunity to speak to the modern reader for themselves The revised edition contains a substantial amount of new material as well as numerous other revisions to the first edition **Sworn Enemies** C. A. Strine, 2013-03-01 Sworn Enemies explains how the book of Ezekiel uses formulaic language from the exodus origin tradition especially YHWH's oath to craft an identity for the Judahite exiles This language openly refutes an autochthonous origin tradition preferred by the non-exiled Judahites while covertly challenging Babylonian claims that YHWH was no longer worthy of worship After specifying the layers of meaning in the divine oath the book shows how Ezekiel uses these connotations to construct an explicit public transcript that denies and mocks the non-exiles appeals to a combined Abraham and Jacob tradition e.g. Ezek 35 Simultaneously Ezekiel employs the oath's exodus connotations to support a disguised polemic that resists Babylonian claims that YHWH was powerless to help the exiles When YHWH swears as I live the text goes on to implicitly replace Marduk with YHWH as the deity who controls nations and history e.g. Ezek 17 Ezekiel thus shares the monotheistic concepts found in Deuteronomy Isaiah and elsewhere Finally using James C. Scott's concept of hidden transcripts the author shows how both polemics cooperate to define a legitimate Judahite nationalism and faithful Yahwism that allows the exiles to resist these threatening others The Trojan War Barry

Strauss,2007-08-21 Based on the latest archeological research and written by a leading expert on ancient military history the true story of the most famous battle in history is every bit as compelling as Homer s epic account and confirms many of its details

Admonition and Curse Noel Weeks,2004-10-01 The occurrence of treaties throughout the Ancient Near East has been investigated on a number of occasions generally in order to resolve certain questions arising in the biblical field As a result of that focus the existence of a similar institution in a number of different cultures has not been treated as a problem in itself Generally the existence of treaties throughout the area has been taken for granted or a simple borrowing model has been used to explain how similar forms came to be used in different cultures Why forms were similar across the area has not been probed This work investigates treaty occurrences in different cultures and finds that the forms used correlate with ways of maintaining political control both internally and over vassals Related concepts are projected in official accounts of history Thus one can roughly distinguish threats based on power from persuasion based on benevolence and historical precedent though various combinations of these two occur There is a likely further connection of the means chosen to the degree of centralisation of power within the society Underlying the local traditions is a common tradition which has to be dated to the pre literate period Biblical covenants fit within this pattern The cultures treated are Mesopotamia the Hittites Egypt Syrian centres and Israel

International Symposium on East Anatolia—South Caucasus Cultures Mehmet Işıklı,Birol Can,Mehmet Işıklı,2015-09-04 The Southern Caucasus is a region of great historical cultural and strategic importance which means that it has become an indispensable research field for most of the social sciences particularly archaeology However despite its rich potential research in the areas of modern day Georgia Armenia Azerbaijan Nakhichevan North western Iran and North eastern Turkey has been inadequate when compared with other important culture basins such as Mesopotamia and the Mediterranean In October 2012 Atatürk University in Erzurum North eastern Anatolia Turkey with the patronage of the Eurasian Silk Road Universities Consortium ESRUC hosted a Symposium of academics from more than 120 science and education institutions around the world to discuss opinions and share information about cultures in this region from its earliest times to the Middle Ages within the scope of Ancient History Archaeology Art History and Ethno archaeology This two volume publication is a compilation of 75 articles which were evaluated and selected by an Academic Committee from contributors who presented their academic papers at the Symposium

Mythogenesis, Interdiscursivity, Ritual Burkhard Fehr,Panagiotis Roilos,2024-08-19 The studies included in *Mythogenesis Interdiscursivity Ritual* written in honor of Professor Demetrios Yatromanolakis a pioneering and influential scholar shed new light on a variety of areas the encounters of ancient Greece with other societies and cultures in antiquity the interplay between art vase painting and sculpture and broader ideological developments mentalities in antiquity ritual in ancient Greek contexts political ideologies and religion history of scholarship textual criticism critical editing and hermeneutics the reception of myth and of archaic and classical Greek culture and philosophy in diverse discursive mediatic and sociocultural contexts from early twentieth century painting to
