To the Ends of the Earth Allan Heaton

Anderson,2013-01-04 No branch of Christianity has grown more rapidly than Pentecostalism especially in the southern hemisphere There are over 100 million Pentecostals in Africa In Latin America Pentecostalism now vies with Catholicism for the soul of the continent and some of the largest pentecostal congregations in the world are in South Korea In To the Ends of the Earth Allan Heaton Anderson explores the historical and theological factors behind the phenomenal growth of global Pentecostalism Anderson argues that its spread is so dramatic because it is an ends of the earth movement pentecostals believe that they are called to be witnesses for Jesus Christ to the furthest reaches of the globe His wide ranging account examines such topics as the Azusa Street revival in Los Angeles the role of the first missionaries in China India and Africa Pentecostalism s incredible diversity due to its deep local roots and the central role of women in the movement He describes more recent developments such as the creation of new independent churches megachurches and the health and wealth gospel and he explores the increasing involvement of pentecostals in public and political affairs across the globe Why is this movement so popular Anderson points to such features as the emphasis on the Spirit the born again experience incessant evangelism healing and deliverance cultural flexibility a place to feel at home religious continuity an egalitarian community and meeting material needs all of which contribute to Pentecostalism s remarkable appeal Exploring more than a century of history and ranging across most of the globe Anderson illuminates the spectacular rise of global Pentecostalism and shows how it changed the face of Christianity worldwide Theology of Hope Sang Yun Lee,2018-08-01 This book digs deep into Yonggi Cho s teaching of the Threefold Blessing salvation financial prosperity and healing expressing the biblical concept of hope in the Korean Pentecostal context Ironically hope always begins situations where it is lacking The Threefold Blessing was the most urgent and eager hope in the desperate socio economical and political situation following the Korean War Cho s theology successfully contextualized became deeply lodged in the Korean Pentecostals lives which resulted in the growth of strong churches in Korea But the context has now changed in part due to the gospel s successful penetration of Korean culture and the Threefold Blessing must be reinterpreted and theologically recontextualized The original Threefold Blessing emphasized the wellbeing of the individual person The new Threefold Blessing must expand its theological perspectives to include social and ecological matters This book suggests ways for its recontextualization for present and future of Korean Pentecostals
