Ebook: Managerial Economics and Organizational Architecture Brickley, 2015-05-16 Ebook Managerial Economics and Organizational Architecture      **Entrepreneurial Finance** Janet Kiholm Smith, Richard L. Smith, Richard T. Bliss, 2011-03-22 Entrepreneurial Finance Strategy Valuation and Deal Structure applies the theory and methods of finance and economics to the rapidly evolving field of entrepreneurial finance This approach reveals how entrepreneurs venture capitalists and outside investors can rely on academic foundations as a framework to guide decision making Unlike other texts this book prepares readers for a wide variety of situations and problems that stakeholders might confront in an entrepreneurial venture Readers will find a unique and direct focus on value creation as the objective of each strategic and financial choice that an entrepreneur or investor makes The authors specifically address the influences of risk and uncertainty on new venture success devoting substantial attention to methods of financial modeling and contract design Finally the authors provide a comprehensive survey of approaches to new venture valuation with an emphasis on applications The book appeals to a wide range of teaching and learning preferences To help bring the book to life simulation exercises appear throughout the text For those who favor the case method the authors provide a series of interactive cases that correspond with the book chapters as well as suggestions for published cases Finally the book is organized to complement the development of a business plan for those who wish to create one as they read along Entrepreneurial Finance is most effectively used in conjunction with a companion website <http://www.sup.org/entrepreneurialfinance> On this site Venture Sim simulation software spreadsheets templates simulation applications interactive cases and tutorials are available for download For those teaching from the book the authors also provide an invaluable suite of instructor's resources      **Managerial Economics & Organizational Architecture** James A. Brickley, Clifford Smith, Jerold L. Zimmerman, 2007 With two distinct objectives this text's approach to managerial economics takes models from recent economics research and applies the research to the internal structure of a firm After teaching basic applied economics the authors look inside the firm and apply this analysis to management decision making Authors Brickley Smith and Zimmerman contend that organizational architecture consists of three aspects of corporate organization the assignment of decision rights within the company methods of rewarding individuals the structure of systems to evaluate the performance of both individuals and business units These three components can be likened to a stool with three legs If one of the legs is shorter the stool is out of balance These three elements must be in balance in the organization as well      Managerial Economics in a Global Economy Dominick Salvatore, 2018-07-13 Reflecting the highly globalized nature of tastes production labor markets and financial markets in today's world Managerial Economics in a Global Economy is ideal for undergraduate and MBA courses in managerial economics Adopting a thoroughly global perspective this text synthesizes economic theory decision science and business administration studies examining how they interact as a firm strives to reach optimal profitability and efficiency in the face of modern constraints      The Cumulative
