Canary, Sandra Lakey, 2012-08-21 *Strategic Conflict* offers a research based accessible analysis of how people can manage conflict productively Moving beyond the basics of conflict it examines interpersonal situations in which conflict occurs and promotes strategic communicative responses based on the latest theoretical research Daniel J Canary and his colleagues add personal observations media examples and samples of actual interaction to provide concrete illustrations of the research findings This comprehensive volume provides students with the tools to understand conflict in real world contexts

Mental Health: A Journey from illness to wellness S Makvana, A Patel, A Dhingra, V Parmar, 2016-10-31 The controls used on emotional arousal and cognitive processes are difficult in several societies because of the presence of beliefs in several more issues and forces which influence the bidirectional to and from journey of effects between mental health and mental illness Human beings in general accept only experiential methods of

verifications and approval of reality when they come in contact with their own mental and physical conditions However many may still be influenced by suggestions and produce experiences as per suggestions which may not respond to scientific methods of verifications and corrections Mental health and diseases mainly in the domain of emotional health may therefore be affected by beliefs and psychological effects produced from cognitive processes and cognitive molding of emotions Interventions in the cognitive and emotional domains do often work and changes may be brought out at the psychological and biological levels

The Psychology of Control and Aging (Psychology Revivals) Margret M. Baltes, Paul B. Baltes, 2014-08-01

Originally published in 1986 the central topic of this book is the analysis and application of control related beliefs and behaviours for theory and practice in the psychology of aging The volume was written for two specific interrelated purposes aimed at cross fertilization between the psychology of control and the field of gerontology The first purpose was to summarise available research and theory on the psychology of control for researchers and professionals interested in gerontology at the time The second was to enrich the field of the psychology of control
