Luka And The Fire Of Life Salman Rushdie:

Luka and the Fire of Life Salman Rushdie, 2010-11-16 On a beautiful starry night in the city of Kahani in the land of Alifbay a terrible thing happened twelve year old Luka's storyteller father Rashid fell suddenly and inexplicably into a sleep so deep that nothing and no one could rouse him To save him from slipping away entirely Luka must embark on a journey through the Magic World encountering a slew of phantasmagorical obstacles along the way to steal the Fire of Life a seemingly impossible and exceedingly dangerous task Weaving together bits of mythology fairy tales children's puns metaphysics and echoes from well known tales as different as *The Matrix* and *The Wizard of Oz* *Luka and the Fire of Life* becomes a story about things as intimate as a boy's love for his family and as sprawling as the meaning of life itself With *Haroun and the Sea of Stories* Salman Rushdie proved that he is one of the best contemporary writers of fables and it proved to be one of his most popular books with readers of all ages While *Haroun* was written as a gift for his first son Luka and the *Fire of Life* the story of Haroun's younger brother is a gift for his second son on his twelfth birthday Lyrical rich with word play and with the narrative tension of the classic quest stories this is Salman Rushdie at his very best *The Science Fiction Dimensions of Salman Rushdie* Yael Maurer, 2014-01-23 This book focuses on the science fictional dimensions of Rushdie's later novels *Fury* *The Ground Beneath Her Feet* *Shalimar the Clown* and *Luka and the Fire of Life* and Rushdie's first unpublished novel *The Antagonist* to show how the author's oeuvre moves towards a more consistent engagement with science fiction as a generic form and an ideological investment The author demonstrates how Rushdie recreates personal and national histories in a science fictional setting and mode and contends that the failure of his first novel *Grimus* may have led Rushdie away from SF for some time although he returns to it with a much firmer conviction and a much stronger voice in his later novels showing his commitment to this imaginative form which he describes in *Fury* as providing the best popular vehicle ever devised for the novel of ideas and metaphysics The science fictional mode is the most appropriate vehicle for expressing these thematic and ideological concerns and the organizing feature of Rushdie's oeuvre The author rereads the later novels in light of recent critical engagement with SF as a vehicle for reimagining national histories and as a potentially subversive tool for social and political engagement in a fictional realm **Salman Rushdie** Damian Grant, 2012 This study seeks to provide a balanced view by approaching Rushdie's fiction in terms of its dual responsibility to the found world of historical circumstance and the made world of the imagination **Salman Rushdie and Translation** Jenni Ramone, 2013-09-12 Salman Rushdie's writing is engaged with translation in many ways translator figures tell and retell stories in his novels while acts of translation are catalysts for climactic events Covering his major novels as well as his often neglected short stories and writing for children *Salman Rushdie and Translation* explores the role of translation in Rushdie's work In this book Jenni Ramone draws on contemporary translation theory to analyse the part translation plays in Rushdie's appropriation of historical and contemporary Indian narratives of independence and migration *Salman Rushdie* Robert

A CRITICAL STUDY OF THE SELECT NOVELS OF SALMAN RUSHDIE Dr. Abhibunnisha Begum, 2019-03-26 Indian writing in English is the term which denotes the original creative writings by Indians. It is the literature originally written in English by writers including the expatriate Indian writers like Salman Rushdie. India's contribution to world literature, especially of the twentieth century, has been mostly in the field of fiction in English. The novels reflected a realistic picture of the period to which the novelist belongs.

Time, Literature, and Cartography After the Spatial Turn Adam Barrows, 2016-06-01 *Time, Literature, and Cartography after the Spatial Turn* argues that the spatial turn in literary studies has the unexplored potential to reinvigorate the ways in which we understand time in literature. Drawing on new readings of time in a range of literary narratives including Vladimir Nabokov's *Invitation of a Spring* and James Joyce's *Finnegans Wake*, Adam Barrows explores literature's ability to cartographically represent the dense and tangled rhythmic processes that constitute lived spaces. Applying the insights of ecological resilience studies as well as Henri Lefebvre's late work on rhythm to literary representations of time, this book offers a sustained examination of literature's chronometric imaginary, its capacity to map the temporal relationships between the human and the non-human, the local and the global.

The Oxford Handbook of Modern Indian Literatures Ulka Anjaria, Anjali Nerlekar, 2024 *The Oxford Handbook of Modern Indian Literatures* is a compilation of scholarship on Indian literature from the 19th century to the present in a range of Indian languages. On one hand, because of reasons associated with national academic structures, publishing resources, and global visibility, English writing gets privileged over all the other linguistic traditions in the scholarship on Indian literatures. On the other hand, within the scholarship on regional language literary productions in Hindi, Marathi, Bengali, etc., the critical works and the surveys focus only on that particular language and therefore frequently suffer from a lack of comparative breadth and/or global access. Both reflect the paradigm of monolingualism within which much literary scholarship on Indian literature takes place. This handbook instead focuses on the multilingual pathways through which modern Indian literature gets constituted. It features cutting-edge literary criticism from at least seventeen languages and on traditional literary genres as well as more recent ones like graphic novels. It shows the deep connections and collaborations across genres, languages, nations, and regions that produce a literature of diverse contact zones, generating innovations in form, aesthetics, and technique. Foregrounding themes such as modernity and modernism, gender, caste, diaspora, and political resistance, the book collects an array of perspectives on this vast topic.
