Make Room Harry Harrison:

Make Room! Make Room! Harry Harrison, 2010-07-01 A detective hunts down a killer in a dystopian overpopulated NYC in this classic science fiction novel that inspired the film *Soylent Green*. Originally published in 1966, *Make Room Make Room* imagines a world at the end of the twentieth century where Earth is so overwhelmed by rampant population growth that it teeters on the edge of self destruction. In New York City alone, thirty five million people are squeezed into its packed boroughs scrambling like rats for the world's dwindling resources. The only food available is a product called soylent. And while the government tries to maintain order, the rich get richer and the poor stay underfoot. Finding a killer in this broken world is one hell of a job. But that's exactly what Det. Andy Rusch has been assigned to do. If he can stay alive long enough, he might just solve the biggest case he's ever been on, unless humanity finally fulfills its promise and destroys itself first.

(Basis for *Soylent Green*)** Harry Harrison, 2002-06-11 Twenty five millions souls in this 1967 novel struggle to survive in 1999's desperately overcrowded Manhattan. A frightening if fortunately not yet wholly accurate portrait of the near future. Harry Harrison's novel was filmed as *SOYLENT GREEN* starring Charlton Heston and Edward G. Robinson in his last role. *One Step from Earth* Harry Harrison, 1985-09 **Harry Harrison! Harry Harrison!** Harry Harrison, 2024-09-04 In *Harry Harrison*, Harry Harrison are the recollections of one of the grand masters of science fiction on his storied career as a celebrated author and on his relationships with other luminaries in the field. This memoir is filled with all the humor and irreverence Harry Harrison's readers have come to expect from the New York Times bestselling author of the uproarious *Stainless Steel Rat* series. This also includes black and white photos spanning his sixty year career. The story is set in a future society where individuals are assigned jobs and roles based on their genetic makeup and abilities. The main character, Jeff, is a talented musician who is assigned to work as a garbage collector because his genetic profile shows a low aptitude for intellectual pursuits. Jeff is unhappy with his assigned role and struggles to find meaning and fulfillment in his life. As Jeff begins to question the society's rigid system of categorization, he meets a woman named Karen who is also dissatisfied with her assigned role. Together they form a rebellion and try to overthrow the ruling class and the system that has restricted their freedom and potential. The story is a commentary on the dangers of a society that categorizes individuals based on their genetic makeup and abilities. It explores themes such as the nature of freedom and individuality, the importance of following one's passions and desires, and the consequences of blind obedience to authority. Ultimately, *Sense of Obligation* is a cautionary tale about the dangers of allowing society to dictate one's fate and the importance of fighting for personal freedom and self determination. *Toy Shop* Harry Harrison, 2011-05 The gadget was strictly beyond any question, a toy. Not
