Approaching Women Steve Dean,2020-01-16 Do you want to learn practical ways to seducing her take her on date getting her into the bed and win her heart Do you want to learn the Secrets to eliminate anxiety and increase your social confidence If yes then keep reading The idea of remaining objective rather than subjective is to provide you with clarity The

way you remain objective is to remove your ego from all social interactions with women. For example, picture the woman you want to approach online or in person as a friend of yours. Assume you already know her; this will help calm your nerves for the initial approach. This works especially well if you get anxious just before a first date. The reason you want to picture her as a friend is because it removes that mental block of thinking she is a complete stranger, thus freaking yourself out for no reason. Remember in your mind you may be intimidated to be around her, but to me or any other guy, she would just be another girl. She only holds the value you create. How crazy is it for you to think someone is too good for you just based on her outer appearance? Unless you're psychic, there is no way to assume this. Now, since you are human, you may still feel slightly hurt if you misinterpret selection for rejection. If you still feel bothered or hurt, then do something that will bring your confidence back up. Say to yourself, "I am the captain of my fate, the master of my soul. I have the power; only I am in control, and I now release myself of this negative thought." So if you are getting nervous being around or even approaching, just know that you are the only one who is provoking that state of mind. The guy who is able to remove his ego from the social situation knows that even if he doesn't get the desired outcome he wants from the approach or from the date, he is remaining objective because what others think or feel of you has no tangible power over you, meaning if you want freedom, you can't let someone else dictate your state of mind. You are special; there is only one of you in the entire world, so the woman who you decide to give a chance to just won the lottery. When you become the best version of yourself, you will no longer have approach anxiety. Start small talk with strangers every now and then, make more eye contact with people, and smile more. This will dramatically increase your comfort level when you realize there is nothing to fear. The invisible obstacle of approach is non-existent because the obstacles you place in front of yourself, I can't see, therefore have no effect over me, and I will approach whoever I want. Like Shakespeare said, "Nothing is either good or bad; only thinking makes it so." This book gives a comprehensive guide on the following: How to attract women, What is approaching, The best ways to approach, Warm approaches, Eliminating approach anxiety, How to beat insecurity and neediness, Tell yourself you're great, how to flirt with a woman over texts, How to get the guy of your dreams, How to have confident body language, Kick things off with light flirting, 104 tips to get more dates, Why women don't like nice guys, AND MORE.
