Part II Themes explores human geography's main sub-disciplines with sections devoted to biogeographies, cartographies, cultural geographies, development geographies, economic geographies, environmental geographies, historical geographies, political geographies, population geographies, social geographies, urban and rural geographies. Finally, Part III Horizons assesses the latest research in innovative areas from mobilities and securities to non-representational geographies. This comprehensive, stimulating and cutting-edge introduction to the field is richly illustrated throughout with full-colour figures, maps and photos.
