I Ching Fu Hsi Trad,2017-11-14 The I Ching The Book of Changes is an ancient Chinese divination text and the oldest of the Chinese classics Possessing a history of more than two and a half millennia of commentary and interpretation the I Ching is an influential text read throughout the world providing inspiration to the worlds of religion psychoanalysis business literature and art Originally a divination manual in the Western Zhou period 1000 750 BC over the course of the Warring States period and early imperial period 500 200 BC it was transformed into a cosmological text with a series of philosophical commentaries known as the Ten Wings After becoming part of the Five Classics in the 2nd century BC the I Ching was the subject of scholarly commentary and the basis for divination practice for centuries across the Far East and eventually took on an influential role in Western understanding of Eastern thought The I Ching uses a type of divination called cleromancy which produces apparently random numbers Six numbers between 6 and 9 are turned into a hexagram which can then be looked up in the I Ching book arranged in an order known as the King Wen sequence The interpretation of the readings found in the I Ching is a matter of centuries of debate and many commentators have used the book symbolically often to
