Atheism The Case Against God George H Smith:

Atheism George H. Smith, 2010-11-02 Does a god exist This question has undoubtedly been asked in one form or another since man has had the ability to communicate Thousands of volumes have been written on the subject of a god and the vast majority have answered the questions with a resounding Yes You are about to read a minority viewpoint With this intriguing introduction George H Smith sets out to demolish what he considers the most widespread and destructive of all the myths devised by man the concept of a supreme being With painstaking scholarship and rigorous arguments Mr Smith examines dissects and refutes the myriad proofs offered by theists the defenses of sophisticated professional theologians as well as the average religious layman He explores the historical and psychological havoc wrought by religion in general and concludes that religious belief cannot have any place in the life of modern rational man It is not my purpose to convert people to atheism but to demonstrate that the belief in God is irrational to the point of absurdity If a person wishes to continue believing in a god that is his prerogative but he can no longer excuse his belief in the name of reason and moral necessity

Why Atheism? George H. Smith, 2009-12-04 Written by a defender of reason and personal liberty this book reviews the historical roots of nonbelief and defends reason as the most reliable method humans have for establishing truth and conducting one's life *The Moral Dilemma of George H. Smith's Book: Atheism* John Stephen Cooper, 1978 **America**

and the Will of God Carlos A. Mojica, 2007-08-29 This book examines an important issue facing America today the increasing influence of evangelical Christians in our Federal government and the erosion in the separation between Church and State The election of George W Bush secured a representative for the Christian right who was willing to effect government policies to reflect Christian values on issues such as gay marriage stem cell research abortion and others More significantly the importance of securing this group of voters was not lost on any of the presidential candidates in the upcoming 2008 election From now on every candidate will have to publicly express their faith and how it influences their lives and decisions This book explores several questions posed by this shift in the balance between Church and State Can we derive a moral code independent of God Would a strong evangelical influence strengthen our government Are democratic principles compatible with a theocracy And more fundamental does God really exist How do we know **The Case Against Christianity** Michael Martin, 1991 In this systematic philosophical critique of the major tenets of Christianity Michael Martin examines the semantic and epistemological bases of religious claims and beliefs Beginning with a comparison and evaluation of the Apostles Creed the Niceno Chalcedonian Creed and the Athanasian Creed Martin discusses the principal theological historical and eschatological assumptions of Christianity These include the historicity of Jesus the Incarnation the Second Coming the Virgin Birth the Resurrection Salvation through faith in Jesus and Jesus as a model of ethical behavior Until now an adequately convincing criticism of Christianity did not exist Martin's use of historical evidence textual analysis and interpretations by philosophers and theologians provides the strongest case made to date against the rational justification of

Christian doctrines The Case for Faith Lee Strobel, 2021-12-14 This timeless compelling and thought provoking book on the Christian faith now updated includes two all new chapters a current list of recommended resources for further study and a new discussion guide In The Case for Faith bestselling author journalist and former atheist Lee Strobel turns his investigative skills to the most persistent emotional objections to belief in God the eight heart barriers to faith Since evil and suffering exist a loving God cannot Since miracles contradict science they cannot be true Evolution explains life so God isn't needed God isn't worthy of worship if he kills innocent children It's offensive to claim Jesus is the only way to God A loving God would never torture people in hell Church history is littered with oppression and violence I still have doubts so I can't be a Christian This bestselling book is for those who may be feeling attracted to Jesus but who are faced with difficult questions standing squarely in their path For Christians it will deepen their convictions and give them fresh confidence in defending their faith to skeptical friends or during the hardest of times when they have to defend their faith to themselves in moments of doubt Also available The Case for Faith Spanish edition kids edition and student edition Plus be sure to check out Lee Strobel's entire collection of Case for books The Case for Christ investigates the historical evidence for Jesus The Case for a Creator explores the scientific evidence for God The Case for Grace uncovers the how and why behind God's amazing grace and more *The God Function: Deus Ex Grammatica* Morgan A. Brown, 2017-04-10 What if Theists and Atheists are both objectively wrong What if the Agnostics have completely missed the point THE ARGUMENT FROM GRAMMAR explores the omnipotent and omniscient God that is justified by reason in philosophy and religion Brown demonstrates that we can justify this denotation in grammatical terms by recognizing in Subjects predicate a universally valid Form of knowledge all knowledge and action all power Brown then proceeds to lay out an epistemological foundation for the human sciences drawing upon a philosophical tradition rooted in the thought of Protagoras Kant Schopenhauer and F A Hayek Brown turns his critique of theism back upon the atheists in order to show how grammatical theory can also answer arguments against the God Thesis If THE ARGUMENT FROM GRAMMAR can answer the objections of the Atheists while satisfying the Theists then the future of the debate over the existence of a rationally justified God shall be a debate over grammar and nothing more *Dictionary Of Atheism Skepticism & Humanism* Bill Cooke, 2009-12-30 In the tradition of Voltaire's Philosophical Dictionary Ambrose Bierce's Devil's Dictionary and Joseph McCabe's Rationalist Encyclopedia this accessible dictionary addresses the contemporary need for a reference book that succinctly summarizes the key concepts current terminology and major contributions of influential thinkers broadly associated with atheism skepticism and humanism In the preface author Bill Cooke notes that his work is intended for freethinkers in the broadest sense of the word people who like to think for themselves and not according to the preplanned routes set by others This dictionary will serve as a guide for all those people striving to lead fulfilling morally responsible lives without religious belief Readers are offered a wide range of concepts from ancient well known notions such as God free will and evil to new concepts such as eupraxsophy Also included are current

buzzwords that have some bearing on the freethought worldview such as metrosexual The names of many people whose lives or work reflect freethought principles form a major portion of the entries Finally a humanist calendar is included on which events of interest to freethinkers are noted This unique accessible and highly informative work will be a welcome addition to the libraries of open minded people of all philosophic persuasions The Atheist's Creed Michael Palmer,2010-10-29 In The Atheist s Creed a prominent and widely read contemporary philosopher Dr Michael Palmer presents the most comprehensive anthology of the major philosophical arguments for atheism now before the public While the so called new atheism of Richard Dawkins and others has attracted considerable publicity it is these philosophical arguments that have down the ages provided the principal landmarks in the unfolding and increasingly widespread belief that no God exists Using a combination of extracts detailed introductions biographies and extensive bibliographies the author guides the reader through the history of atheism from the time of the early Greeks down to the present day In this analysis particular attention is given to the writings of Hume Nietzsche Marx and Freud The Atheist s Creed requires no specialist knowledge of philosophy Each chapter is structured around a single theme and the various authors coordinated to allow the full force of the particular atheistic argument to emerge The result is a compelling and powerful assessment of the case for atheism which will be essential and fascinating reading for student and non student alike and for all those concerned with the fundamental question whether or not there is a God *Spiritual Confessions of an Agnostic* C. M. Blakeson,2013-01-30 For some religious people who think and act irrationally can be confounding while for others unbelievers who dont see the reality of God are just as baffling C M Blakeson an agnostic who grew up living a fundamentalist lifestyle in Kansas explores both perspectives in this candid memoir From his initial journey to Jesus to his deepening belief in fundamentalist Pentecostalism he explores how religion affected his thoughts on love and life With God rooted as such a reality for him he never imagined hed one day become an agnosticor how happy hed be to reach such nonreligious enlightenment Now he seeks to battle misconceptions about agnosticism Get the true definition of agnosticism learn how to break free from spiritual bondage and join Blakeson as he seeks to understand various religions If youve ever pondered what goes through the minds of fundamentalists or if youre a religious person who wonders why your best friend left the faith *Spiritual Confessions of an Agnostic* seeks to help you find answers **Deadly Doctrine** Wendell Watters,1992-12 The Christian religion presents itself as the way to contentment spiritual health and salvation But is this really true Dr Wendell Watters offers a powerful argument based on his many years of clinical experience with individuals couples and families that Christianity s influence actually militates against human development in such vital areas as self esteem sexuality and social interactions The tragic end result of Christian conditioning is too often antisocial behavior sexual dysfunction poor psychological development anxiety and even major psychiatric illness Christian indoctrination is not simply a problem affecting individuals or single families the noxious effects of its teachings over nearly two millennia pervade society at large even those who are not

Christians and in ways that seriously undermine human welfare and the quality of life Christianity's aggressive pronatalist policies have encouraged large families despite parents inability to cope either emotionally or financially With this the Christian church has formulated rigid sexual roles forbidding all practices not leading directly to conception By actually promoting sexual ignorance and irresponsibility Christianity has allowed the proliferation of such social ills as rape child molestation and pornography In the face of so much human suffering resulting from Christian doctrine it is imperative that health care professionals recognizing the Christian belief system as an addictive disease develop a religious status examination to help evaluate how notions about life derived from Christian god talk compromise individuals healthy functioning In failing to determine the role of oppressive religious beliefs in mental illness physicians and other health care workers actually promote Christianity's continued stranglehold on human happiness and self fulfillment *Slaying the Dragon* Robert W. Griffiths,2012-09-14 A broad critique of the negative role that religion has played in influencing human culture historically along with an updated look at its conflict with the atheist ethos This goes hand in hand with a personal reflection on why the author became a non believer Focus On: 100 Most Popular American Agnostics Wikipedia contributors, **Donald G. live my life What if anything is my destiny Raymond Angelo Belliotti's Roman Philosophy and the Good Life provides an accessible picture of these major philosophical influences in Rome and details the crucial role they played during times of major social upheaval Belliotti demonstrates the contemporary relevance of some of the philosophical issues faced by the Romans and offers ways in which today's society can learn from the Romans in our attempt to create meaningful lives Roman Philosophy and the Good Life will certainly intrigue those who are drawn to Roman history and politics and especially those who enjoy viewing philosophy in action NAĐ VELIKI I ÈUDESNI BOG Dušan Milosavljević, 2012-11-29 Na Veliki i udesni Bog JEDNOM KADA VIDITE BOGA ONAKVOG KAKAV JE ON U STVARI VI ETE VIDETI IVOT U POTPUNOJ NOVOJ SVETLOSTI DA LI ELITE DA DO ETE BOGU BLIJE U ovoj knjizi necete samo uti Boji poziv za duboku intimnu zajednicu sa Njim nego ete polako u iti kako da postanete Boji prijatelj kao to je to bio Avram DA LI OSE ATE DA STE DALEKO OD BOGA Mo da se borite sa duhovnom su om mislite da ste ostavljeni sami Neka vas ova knjiga osvedo i koliko je Bog blizu onika koji su daleko i u borbi sa neda ama ivota DA LI VAM JE NE TO BLOKIRALO PUT DO BOGA Mo da se ose ate daleko od Boga zato to ste ispunjeni sa stvarima koji malo ostavljaju mesto za Boga u va em srcu Ovde ete na i dvostruku pomo da otkrijete koje su to prepreke i kao da ih sklonite sa va eg puta Kroz stranice ove knjige pastor Du an Milosavljević e vas obogatiti sa biblijskom vizijom o Bogu Tako kada ste zbunjeni vi ete iskusiti Boju istinu Kada ste prestra eni vi ete poznati Njegov mir Kada ste alosni vi mo ete iveti u Njegovoj radosti Prihvatite poziv da tra ite dublje razumevanje Boga Ova knjiga vam to nudi
