Contemporary Issues in Public Sector Accounting and Auditing Simon Grima, Engin Boztepe, 2021-01-18 Providing a comprehensive account which brings a wide range of countries to the forefront in terms of both comparability and accountability, this study shines a light on the differences in accounting systems between states and fills a gap in the literature by combining these aspects of public sector accounting and auditing within a single book.

Risk Communication for the Future Mathilde Bourrier, Corinne Bieder, 2018-06-27 The conventional approach to risk communication based on a centralized and controlled model has led to blatant failures in the management of recent safety-related events. In parallel, several cases have proved that actors not thought of as risk governance or safety management contributors may play a positive role regarding safety. Building on these two observations and bridging the gap between risk communication and safety practices leads to a new, more societal perspective on risk communication that allows for smart risk governance and safety management.
