Atma Bodha Geetadeeksha:

Atma Bodha By Shankaracharya Shraddhesh Chaturvedi,2020-09-13 Traditionally Who am I has been the central quest of Vedic texts Knowing I without any external attributes such as body mind age etc is termed as self knowledge Or we can say that knowing what we are and what we are not constitutes the complete answer For example a transparent crystal placed near a hibiscus flower appears to be red Until we see it without the flower we ll not know that it is transparent and not red Similarly if our notion about ourselves is mixed with some external attributes which are different from us we ll perceive our reality differently This wrong perception will give rise to various conflicts like death pain and anxiety So it looks imperative to know our fundamental reality to destroy the pain and taste the immortal bliss within Once we accept that there is something we need to know we talk about the ways in which the correct understanding can be reached We find ways to test our understanding And we also want to know how this reality looks like In this short original and profound work

Shankaracharya has answered these questions and shared his insight about non dual reality *Atmabodha: Knowledge of Self* A. Parthasarathy,2014-06-05 The text composed by Adi Shankaracharya presents a gallery of several word paintings Each depicts a philosophical idea to help the seeker comprehend the subtle theme of the scriptures The commentary elucidates its striking similes and metaphors taken from nature and life Together they prepare a spiritual practioner to gain the awareness of the supreme Reality in all walks of life And lead him to the realisation of the supreme Self *Atma Bodha & Tattva Bodha* Adi Shankara,Charles Johnston,2020-10-10 Atma bodha is a short Sanskrit text attributed to Adi Shankara of Advaita Vedanta school of Hindu philosophy The text describes the path to Self knowledge or the awareness of Atman Atmabodha means Self knowledge self awareness or one with the possession of a knowledge of soul or the supreme spirit Tattva Bodha literally means Knowledge of the Truth and it is a small but all encompassing introductory text of Vedanta

The Fire of Self Knowledge James Swartz,2018-01-06 Atma Bodha is an auxiliary text written in the Eighth Century by a great sage Adi Shankacharya to clarify the fundamental ideas revealed in the Upanishads It is meant to be studied before an inquirer delves into the Upanishads proper because it teaches the whole system of Vedanta in a straightforward manner avoiding elaborate arguments Other texts make sophisticated well reasoned arguments designed to explain the often cryptic teachings of the Upanishads and negate dualistic and quasi dualistic views **The Atma-Bodha, Self-Wisdom: Of**
