How to Become a Personal Trainer K. B. Bryson, 2014-08-12 If you want to become a personal trainer and establish a successful personal training career then this book is for you A personal training career is characterized by a single word passion Have you had a burning passion for fitness throughout your life Do you possess that desire to coax others toward healthier living to cajole them towards a more balanced outlook and a greater sense of physical achievement If so then this may be the perfect career for you However a personal fitness trainer isn't just a drill sergeant Instead he or she must be more like Yoda a fearsome warrior a support figure and an unparalleled scholar of the trade all rolled into one But there's a lot more that sets apart a successful personal trainer from a wannabe fitness enthusiast And that's exactly what's going to be discussed in this book Between your passion and knowledge and my understanding of the business world we can set you up to become a legendary trainer in no time Are you ready to unlock the secrets of great personal fitness experts Are you ready to separate yourself from the glorified jocks and get on your way to becoming a fitness guru If so let's get started

Intrinsic Excellence Rolando Garcia, 2016-05 Inspirational Fitness Leadership Book Stresses the Power and Value of the Human Connection While Offering a Proven Comprehensive Plan for Systematic Success as a Personal Trainer Niche Title with Crossover Applications Breakthrough 4C Method Details Life and Business Skills That Can Transform a Career in Almost Any Chosen Field The Four Core Competencies covered in Intrinsic Excellence are Technical Expertise Customer Care Sales and Business Development Strategy As the author puts it Mastery of your art cannot be confused with success in the profession Most of those who fail as personal trainers fail because they mistake their necessary technical expertise as the principle predictor of financial success in their field Not so is Rolando Garcia III's response to this perception and it holds true for almost any other profession Technical expertise is at best only 25% of the success formula Without a thorough grounding in the other three core competencies the trainer is doomed to mediocrity and will most likely not survive in the industry
