Sexuality, Gender and Nationalism in Caribbean Literature Kate Houlden, 2016-11-18 This book focuses on sex and sexuality in post war novels from the Anglophone Caribbean Countering the critical orthodoxy that literature from this period dealt with sex only tangentially implicitly transmitting sexist or homophobic messages the author instead highlights the range and diversity in its representations of sexual life She draws on gender and sexuality studies postcolonial theory and cultural history to provide new readings of seminal figures like Samuel Selvon and George Lamming whilst also calling attention to the work of innovative lesser studied authors such as Andrew Salkey Oscar Dathorne and Rosa Guy Offering a coherent and expansive overview of how post war Caribbean novelists have treated the persistently controversial topic of sex this book addresses one of the blind spots in Caribbean literary criticism It mines a range of little studied archival materials and texts to argue that fiction of the post war era exhibits both continuities with the sexual emphases of earlier writing and connections to later trends The author also presents nationalist ideology as central to the literature of this era It is in the fictional rendering of sexuality that the contradictions of the nationalist project are most apparent sex both exceeds and threatens the imagined unity on which the political vision depends

*The Self-Help Compulsion* Beth Blum, 2020-01-28 Samuel Beckett as a guru for business executives James Joyce as a guide to living a good life The notion of notoriously experimental authors sharing a shelf with self help books might seem far fetched yet a hidden history of rivalry influence and imitation links these two worlds In *The Self Help Compulsion* Beth Blum reveals the profound entanglement of modern literature and commercial advice from the late nineteenth century to the present day Blum explores popular reading practices in which people turn to literature in search of practical advice alongside modern writers rebukes of such instrumental purposes As literary authors positioned themselves in opposition to people like Samuel Smiles and Dale Carnegie readers turned to self help for the promises of mobility agency and practical use that serious literature was

reluctant to supply Blum unearths a series of unlikely cases of the love hate relationship between serious fiction and commercial advice from Gustave Flaubert s mockery of early DIY culture to Dear Abby s cutting diagnoses of Nathanael West and from Virginia Woolf s ambivalent polemics against self improvement to the ways that contemporary global authors such as Mohsin Hamid and Tash Aw explicitly draw on the self help genre She also traces the self help industry s tendency to popularize quote and adapt literary wisdom and considers what it might have to teach today s university Offering a new history of self help s origins appeal and cultural and literary import around the world this book reveals that self help s most valuable secrets are not about getting rich or winning friends but about how and why people read
