

IB French SL and HL Course Syllabus

School: Highland Park Sr. High School

Tel: 651-744-3855

Instructor: M. Currie

E-mail: David.currie@spps.org

I. Course Description: IB French B is a language acquisition course developed at two levels—standard level (SL) and higher level (HL)—for students with some background in the target language. While acquiring a language, students will explore the culture(s) connected to it. The focus of these courses is language acquisition and intercultural understanding. The class is conducted mostly in French and requires the student to be an independent and highly motivated learner.

Course Objectives: At the end of this course students are expected to demonstrate the ability to:

- communicate clearly and effectively in a range of situations
- understand and use accurately oral and written forms of the language that are commonly encountered in a range of situations
- understand and use a range of vocabulary in common usage
- select a register that is generally appropriate to the situation
- organize and express ideas with general clarity and some fluency
- structure arguments in a generally clear, coherent and convincing way
- understand and respond appropriately to written and spoken material of average difficulty
- assess some subtleties of the language in a range of forms, styles, and registers
- show an awareness of and sensitivity to, some elements of the cultures related to the language studied.
- understand and analyze works of literature written in the target language of study (specially HL students)

II. Course Outline: The language B syllabus approaches the learning of language through meaning. Through the study of the core at SL and HL, plus two literary works at HL, students build the necessary skills to reach the assessment objectives of the language B course through the expansion of their receptive, productive and interactive skills.
