INTRODUCTION

The Quality of Work Life (QWL) has assumed increasingly interest and importance in all the countries of the World. It is very significant in the context of commitment to work, motivation and job performance. It is also means to facilitate the gratification of human needs and goal achievement. Work life naturally means the life of workers, physical and intellectual, in their work environment in office or factory or field-working. What is expected of the worker? What are the conditions of the work place? What is the compensation that the worker gets? What are the incentives offered to him? How about his contentment with the work environment and the compensation? These are the questions to be tackled by the Researcher in any study of work life. Quality of work Life is referred to as humanizing the working life and emphasizing the human factor. It mostly refers to favorableness' or unfavourableness of a job environment for the people involved in it. The basic objective is to develop jobs that are excellent for people as well as for production. So we can see the basic questions of Quality Work Life. ...
