

An anatomical illustration of a human torso, focusing on the right side. The image shows a cross-section of the body, revealing the underlying structures. Large, pinkish-red muscles are prominent, with some showing a striated texture. A network of blue and red blood vessels (arteries and veins) is visible, branching out across the scene. A complex web of green and yellow nerves is also depicted, some running parallel to the blood vessels and others branching out. The overall style is realistic and detailed, typical of medical textbooks.
