creativity FREE BONUS Gift included inside the book As children art is a way of expressing the fountains of imagination bubbling within us Our favorite tool of the trade so to speak is a crayon and our messy lines and squiggles translate into masterpieces in our parents eyes Then as we grow up art becomes a waste of time We say that we re awful at art that we can t draw anything other than a stick figure We don t want to embarrass ourselves in front of other people so we put away the crayon and pick up skills we feel will benefit us more in life But again is art impractical Is it useless Without art our world would not be the same Art is creativity It is freedom of expression It is beauty and it is emotion It speaks to people and doesn t touch a single person the same way So why not drawing Even if you might have had a busy stressful day you can feel all of that stress melt away with the quiet tranquility of drawing It can be a simple 10 minute sketch or an hours long event once every Sunday for some alone time It s entirely up to you All it take is time and in return you can create works of art that will last forever You can hang these up around the house or it can substitute for a thoughtful gift over some generic store bought gift card Drawing is an act of pure creation and it can effectively convey your emotions to someone in a way far more personalized and intimate than words can With the help of several easy step by step guides in this book you will learn to draw Humans Animals Landscapes And much more So take that step into a world of limitless creation and change your life forever
