Schede Didattiche Di Storia Classe Terza Primaria:

La storia senza frontiere. Per una didattica interculturale della storia Bruna Sferra, 2016-09-01 Nel mondo contemporaneo la scuola deve tener conto dei mutamenti in atto nella società in quanto il ruolo fondamentale che essa occupa la chiama a rispondere alle sfide poste dalla globalizzazione in termini di formazione e dunque di sviluppo di competenze teoriche pratiche sociali e cognitive. Pertanto necessario che le istanze della pedagogia interculturale vengano tradotte in prassi didattica in ogni ambito disciplinare attraverso una visione olistica. Ogni disciplina nella sua specificità fornisce l'opportunità di sviluppare un sapere unitario e in particolare la storia offre stimoli e conoscenze efficaci per l'acquisizione delle competenze di cittadinanza. Il volume illustra il percorso di insegnamento della storia in prospettiva interculturale svolto in una classe terza di scuola primaria con l'intento di colmare il divario tra teoria e prassi e fornire alle alunne e agli alunni strumenti adeguati di analisi del presente e del passato. La padronanza delle conoscenze e la consapevolezza di come esse siano state prodotte, il saper usare gli operatori cognitivi, il saper argomentare i propri punti di vista nel rispetto di quelli altrui e nel riconoscimento della loro pluralità, la scoperta della propria identità individuale e sociale e lo sviluppo di identità culturali aperte hanno costituito gli obiettivi dell'intero percorso poiché fondamentali per l'acquisizione di una cultura storica in un'ottica interculturale.

Didattica della storia e consapevolezza di cittadinanza Tavolo tecnico-scientifico della didattica della storia USR Lombardia, 2022-04-29 La riflessione sulla didattica che sta coinvolgendo in modo consapevole e crescente la scuola italiana non poteva non riguardare l'insegnamento della Storia. Storia come disciplina, storia come oggetto di studio, domini diversi che nella didattica e nell'insegnamento si intersecano particolarmente convinti come siamo che la scuola oggi tenuta a offrire competenze abilitanti oltre che nozioni e cognizioni a interagire con i significati più che a riproporre staticamente il già dato. La didattica della storia in questi termini si presenta come un banco di prova di grande interesse per il rinnovamento dell'insegnamento. Una rinnovata e più rigorosa sistematica e consapevole riflessione su di essa si impone come necessaria e opportuna. In un percorso tra il formativo e l'esplorativo il Tavolo tecnico scientifico della didattica della storia di USR Lombardia con un ampio gruppo di docenti delle scuole lombarde negli anni scolastici 2016-2019 ha inteso fare il punto sulla pratica dell'insegnamento della storia per un rilancio della riflessione metodologica. Gli esiti sono in questa pubblicazione consegnata ai docenti della disciplina e a quanti considerano irrinunciabile il valore della memoria storica per lo sviluppo delle competenze di cittadinanza e di educazione civica dei nostri giovani.
