The Virgin Way Richard Branson, 2015-10-20 This is a book on leadership from someone who has never read a book on leadership in his life While building the Virgin Group over the course of forty years Richard Branson has never shied away from tackling seemingly outlandish challenges that others including his own colleagues on many occasions considered sheer lunacy He has taken on giants like British Airways and won and monsters like Coca Cola and lost Now Branson gives an inside look at his strikingly different swashbuckling style of leadership Learn how fun family passion and the dying art of listening are key components to what his extended family of employees around the world has always dubbed with a wink the Virgin Way This unique perspective comes from a man who dropped out of school at sixteen suffers from dyslexia and has never worked for anyone but himself He may be famous for thinking outside the box an expression he despises but Branson asserts that you'll never have to think outside the box if you refuse to let anyone build one around you

Integral Dynamics Ronnie Lessem, Alexander Schieffer, Samuel D. Rima, 2016-05-23 The theory of integral dynamics is based on the view that the development of individual leaders or entrepreneurs requires the simultaneous development of institutions and societies It seeks a specific way forward for each society fundamentally different from but drawing on its past Nearly every natural science has been transformed from an analytically based approach to a dynamic one now it is time for society and culture to follow suit locally and globally Each culture discipline and person is incomplete and is in need of others in order to develop and evolve This book sets out a curriculum for a new integral trans cultural and trans disciplinary area of study inclusive of but extending beyond economics and enterprise It embraces a trans personal perspective linking self with community enterprise and society and focusing on the vital relationship between local identity and global integrity For the government policy maker the enlightened business practitioner and the student and researcher into economics and enterprise the new discipline is set out here in complete detail by a multi national team of Gower's Transformation and Innovation Series authors Illuminated with examples relating the conceptual to the practical this is a text not for a pre modern modern or even post modern era but for what has been
