Secret Societies A Sinister Agenda Exposed:

Secret Societies Milton William Cooper, 2013-09-20 History is replete with whispers of secret societies Accounts of elders or priests who guarded the forbidden knowledge of ancient peoples Prominent men meeting in secret who directed the course of civilization are recorded in the writings of all people The oldest is the Brotherhood of the Snake also called the Brotherhood of the Dragon and it still exists under many different names It is clear that religion has always played a significant role in the course of these organizations Communication with a higher source often divine is a familiar claim in all but a few The secrets of these groups are thought to be so profound that only a chosen well educated few are able to understand and use them These men use their special knowledge for the benefit of all mankind At least that is what they claim How are we to know since their knowledge and actions have been secret Fortunately some of it has become public knowledge I found it intriguing that in most if not all primitive tribal societies all of the adults are members They are usually separated into male and female groups The male usually dominates the culture Surprisingly this exactly resembles many civilized secret societies This can only mean that the society is working not against established authority but for it In fact could be said to actually be the established authority This would tend to remove the validity of any argument that all secret associations are dedicated to the destruction of properly constituted authority This can only apply of course where the secret society makes up the majority or entirety of any people which it affects Only a very few fall into this category Secret societies in fact mirror many facets of ordinary life There is always an exclusivity of membership with the resultant importance attached to being or becoming a member This is found in all human endeavors even those which are not secret such as football teams or country clubs This exclusivity of membership is actually one of the secret societies most powerful weapons There is the use of signs passwords and other tools These have always performed valuable functions in man's organizations everywhere The stated reason almost always different from the real reason for the societies existence is important

Secret Societies: a Sinister Agenda Exposed Milton Cooper, 2013-09-11 History is replete with whispers of secret societies Accounts of elders or priests who guarded the forbidden knowledge of ancient peoples Prominent men meeting in secret who directed the course of civilization are recorded in the writings of all people The oldest is the Brotherhood of the Snake also called the Brotherhood of the Dragon and it still exists under many different names It is clear that religion has always played a significant role in the course of these organizations Communication with a higher source often divine is a familiar claim in all but a few The secrets of these groups are thought to be so profound that only a chosen well educated few are able to understand and use them These men use their special knowledge for the benefit of all mankind At least that is what they claim How are we to know since their knowledge and actions have been secret Fortunately some of it has become public knowledge Most if not all primitive tribal societies all of the adults are members They are usually separated into male and female groups The male usually dominates the culture Surprisingly this exactly resembles many civilized secret societies

This can only mean that the society is working not against established authority but for it. In fact, it could be said to actually be the established authority. This would tend to remove the validity of any argument that all secret associations are dedicated to the destruction of properly constituted authority. This can only apply of course where the secret society makes up the majority or entirety of any people which it affects. Only a very few fall into this category. Secret societies mirror many facets of ordinary life. There is always an exclusivity of membership with the resultant importance attached to being or becoming a member. This is found in all human endeavors even those which are not secret such as football teams or country clubs. This exclusivity of membership is actually one of the secret societies most powerful weapons. There is the use of signs, passwords and other tools. These have always performed valuable functions in man's organizations everywhere. The stated reason however is almost always different from the real reason.

Notorious Secret Societies James S Pollock, 2017-03-02

Want to learn the secrets of secret societies? Have you or a family member been trapped in a secret society? Are secret societies really dangerous or just a group of like minded people trying to accomplish something important for the betterment of the world? In this book *Notorious Secret Societies* you'll everything you want and need to know. Things aren't always what they seem to be. Looks can be deceiving and just because you don't see something doesn't mean it doesn't exist. Take for example the air we breathe. If seeing is believing then it means oxygen as we know it doesn't exist. But it does exist and the fact that we're alive is living proof of such. Or how about carbon monoxide? It's not something that we can see but many people all over the world are killed by it. Because they don't see it they unknowingly breathe it and fall victim to its poisonous power. Secrecy can be a lethal weapon. And so it is with *The World's Most Notorious Secret Societies*. Their power and ability to do what they want is highly contingent on being able to keep their supposed secret agendas secret. The day they're purported sinister agendas get exposed is the day they fail to achieve their grand agendas. That's why more than ever it's important to know who these secret societies are and the reason why they're very controversial. In this book you'll discover secrets from some of the world's most notorious secret societies: The Free and Accepted Masons, Freemasons, The Order of the Illuminati, The Knights Templar, The Bilderberg Group, The Order of the Skulls and Bones, The Society of Jesus, Jesuits, The Church of Scientology.

Who Are the Illuminati? Lindsay Porter,2005-10-10 How are the origins of the French Revolution the murder of the Romanovs the design of the dollar bill and the Roswell UFO incident connected The answer is one of the world s most mysterious and feared secret societies the Illuminati References to the Illuminati span centuries yet reliable historical evidence is scant What is known is that on 1 May 1776 at the height of the European Enlightenment Adam Weishaupt a professor of canon law at the University of Ingolstadt in Bavaria founded a secret society of freethinkers or enlightened ones the Illuminati The group was formed to discuss and disseminate the radical philosophies of the day and secrecy was crucial to its survival neither church nor crown would have countenanced the group s anticlerical and antimonarchist ideas At its height the Illuminati numbered 2 500 with members across Europe including some of the period s leading thinkers Yet just 12 years after the group s founding it was disbanded by a governmental edict and the Illuminati ceased to exist Or did it For nearly 250 years references to the Illuminati and its alleged influence on major world events have continued to resurface There are those who claim the Illuminati is much older than its first recorded incarnation suggests dating its origins to the time of the Pyramids and others who believe the group is literally not of this planet but part of an alien culture bent on taking over the earth This book looks at the reality and the myths questions the allegations and explores how fears about the group have taken many different forms whether fear of intellectuals during the Enlightenment or fear of communists during the McCarthy era An internet search reveals that belief in the group s shadowy influence is positively thriving what does that say about us today And are we right to be afraid *The Most Dangerous Secret Societies Revealed* J.D.
