Seeing Politics Differently Karen Stanbridge And Howard:

Protest and Politics Howard Ramos, Kathleen Rodgers, 2015-06-01 The Tea Party The Occupy Movement Idle No More Around the world social movements have taken to new media and the streets to challenge the status quo At the same time most democracies have witnessed a sharp decline in voter turnout Protest and Politics examines this seemingly contradictory shift in political participation as well as the blurring of social movement and mainstream politics through the lens of the social movement society SMS thesis Drawing on the long history of social movements in Canada in comparison to the US and the transnational sphere the contributors revisit the SMS thesis to determine whether it still applies to see what insights can be gleaned from Canadian social movements and to clarify the relationships between movements and mainstream politics They argue that the SMS thesis must be recalibrated to reflect changes in political participation to embrace broader political and historical contexts and to consider the emergence of social movement societies plural over a single polity within and across countries

The New Testament in Color Esau McCaulley, Janette H. Ok, Osvaldo Padilla, Amy L. B. Peeler, 2024-08-06 In this one volume commentary a multiethnic team of scholars holding orthodox Christian beliefs brings exegetical expertise coupled with a unique interpretive lens to illuminate the ways social location and biblical interpretation work together These diverse scholars offer a better vantage point for both the academy and the church
